McGRAW HAPPY
American Leaguers Win Toss for Seventh Clash, if Necessary.

By DAVIS J. WALSH
GRIFFITH STADIUM, WASHINGTON, Oct. 9.—Faced with the alternative of winning this afternoon or accepting second money, with what philosophic resignation they might be able to summon, the Washington Senators stepped out for the sixth game of the world's series with the New York Giants grimly determined to say it with base hits. They need only two victories in two games remaining to be played.
Defeat for the Washington Senators will mean their automatic elimination and a fourth world series title for John J. McGraw.
Even Money Betting
In spite of the fact that the standard of values would seem to make the Giants a 2 to 1 shot since they needed only one victory, to the Senators' two, the odds both here and in New York were not quoted at worse than 8 to 5. The Senators were even money choices to win today's game and mayhap rightly so. They had Zachary, the man who pitched their best game of the series, to shoot against Art Nehf's.

J. W. DAVIS ENDS NEW YORK TOUR

Democratic Nominee Prepares for Second Western Swing.

NEW YORK, Oct. 9.—John W. Davis returned today after a whirlwind tour of the Empire state, to prepare for his second western campaign.
The Democratic nominee will rest until his departure tomorrow night on his last big drive to win the doubtful states of the middle west. He will go direct to Indiana to open the drive Saturday. Then he will spend the next two weeks in a criss-cross campaign from the Alleghenies to the Mississippi. A tentative itinerary provided the following speaking engagements:
October 11, Richmond, Ind.; Middletown, Ind., night; Oct. 12, (Sunday) Indianapolis, night; Oct. 13, Lafayette, Ind.; Terre Haute, Ind.; night; Oct. 14, Springfield, Illinois; night; Oct. 15, 6, 7, open; Oct. 16, East St. Louis day and St. Louis night.
Davis then will make his first and only visit to the "solid south" going to Nashville, Tennessee, to fill a speaking engagement on the night of October 20. The next night he will speak to Louisville, Ky., with additional night speeches in Evansville on Oct. 22 and in Cincinnati on Oct. 23. The nominee will return to New York City on Oct. 25 to attend a democratic women's rally. From then until the end of the campaign the nominee will speak in the east, although his managers have under consideration a number of invitations for addresses in Ohio during the last week of October. The Davis drive will close on Saturday, November 1, when the nominee will speak here in Carnegie hall.
Davis paid a brief forenoon visit to his home in Locust Valley, Long Island. He issued a statement, saying "He was very gratified by the interest shown throughout New York state in the election," and predicted a democratic victory as a certainty.

K. T. & K. BUYS H. H. KNOWLES CO. POTTERY AT SANTA CLARA

Five-Kiln Plant in California is Acquired.

RECEIVER SALE

New Owners Plan to Begin Operations About Jan. 1.

Purchase of the five kiln plant of the Homer Knowles Pottery company at Santa Clara, Cal., by the Knowles, Taylor & Knowles Pottery company, of this city, was announced Thursday by Homer J. Taylor, president of the company.
The firm's bid was the highest of three offers received by the federal court of San Francisco, when the plant was put up for receiver's sale a few days ago. The property will be turned over to the new owners about October 15.
The plant, which has never been operated except for a trial was built by H. Harold Knowles, formerly of this city and for many years employed in a foreman's capacity at the Knowles, Taylor & Knowles plant. Ground for the pottery was broken in June, 1924.
The company went into the hands of a receiver more than a year ago. The plant was sold to satisfy claims of creditors.

Known as Plant No. 5
The new works will be known as Plant No. 5 of the Knowles, Taylor & Knowles Pottery Company. Plants No. 1, 2, 3 and 4 being located in East Liverpool. Machinery in the new plant has been installed. It is believed that the plant can be placed in operation about January 1, 1925.
Santa Clara is located in the northern part of California, about 50 miles from San Francisco. The town has a population of approximately 5,000.
With the addition of the California works, the Knowles, Taylor & Knowles Pottery Company will control 37 kilns. It was announced that the new plant would manufacture table and hotel semi-vitreous china, the same as the East Liverpool plants. At first only plain white ware will be made, the plant gradually turning out a decorated line as well.
Manager for the new plant has not been announced. Applications for jobs in the California works are now being received at the offices of the company here.

Gov. R. C. Heddleston Speaks at Noon Luncheon.

Care and treatment of the underprivileged child as the first duty of the Kiwanis club was urged by District Governor R. C. Heddleston in an address before approximately 50 members at a luncheon in the Y. M. C. A. at noon Thursday.
Heddleston was the principal speaker, filling the place of Fire Chief Thomas Bryan, who was to have appeared at the meeting, but was unable to do so because of illness. Heddleston touched upon the district meeting held at Canton recently and in this connection referred to various lines of work in which clubs in other parts of the state were engaged in the "building" movement.
T. V. Milligan, state trustee, spoke briefly, relating a few of his experiences at the Canton convention.
Dr. Clyde R. Larkins presided. The singing was led by Prof. Hugh Laughlin, with Claire Chambers as pianist.
The attendance prize, furnished by Bert Erlanger, was awarded to L. A. Wallover. James Heaton, advance man for Evangelist W. E. Biederwolf, was a guest.

POLICE SEEK TWO MOTORISTS AFTER CRASH

Ohioans Flee Following Smash-up Near Homestead, Pa.

TWO ARE HURT

Wellsville District Man Said to be Owner of Auto.

Pittsburgh police are searching for two men, one of whom is believed to be one Michael Didrick, whose address is said to be R. F. D. No. 2, Wellsville, who were passengers in an automobile which collided with a motor truck near Pittsburgh, early Tuesday, injuring both occupants of the truck, it developed Thursday.
According to Angelo Marino, 27, of Pittsburgh, who was driving the truck, both occupants in the touring car which crashed into his machine, refused to divulge their names. One of them is said to have been garbed in a policeman's uniform. From the license plates and an East Liverpool tag, the car was traced, the license having been issued by the George H. Owen & Co. agency here.
The accident occurred near what is known as Brown's bridge, near Homestead. The Ohio car, a closed model, police say, was driven into the side of the motor truck. Marino suffered lacerations about the arms, while Miss Catherine Donnelly, 25, of Washington, Pa., who was a passenger on the truck sustained cuts about the head and face and also internal injuries. She is said to be in a serious condition in the Homestead hospital.
The two occupants of the Ohio car, which is said to have been badly damaged, leaped to the road after the accident. Marino notified Pittsburgh police but before their arrival the car had been taken to a garage for repairs.
Neither the East Liverpool nor the Wellsville police had been notified of the accident Thursday.

KING PROMISES DISSOLUTION OF PARLIAMENT AS CABINET FALLS

MacDonald's Laborite Government Forced Out by Commons.

TORY MOVE WINS

Defeat Based Upon Withdrawal of Case Against Communist.

By DAVID M. CHURCH

LONDON, Oct. 9.—King George today promised to dissolve parliament as a result of the Laborite cabinet's defeat in the House of Commons yesterday.

The cabinet decided to resign if the Tory motion of censure were adopted. The vote on the motion was 364 in favor and 198 against.
The motion was based upon the government's withdrawal of a criminal prosecution against James Campbell, editor of a Communist newspaper.

Nine Months in Power
Resignation of the Labor ministry after 9 months' power, will await passage of the Irish boundary bill, which may come today.

When he left his official residence for the palace today, Premier MacDonald was accompanied by his Secretary Rosa Rosenberg. A little knot of early workers stood silently at the curb. J. P. Clynne, the labor leader, walked up Downing street, as the premier appeared and thrust out his hand in a warm clasp of encouragement.

There were no cheers as the premier entered the big limousine which waited at the curb and was borne away toward the palace. The scene was a sharp contrast to the triumphal demonstration of nine months ago, when labor's first premier walked into the palace to accept the premiership.
Lord Stanfordham received Premier MacDonald and escorted him to the king.

Light Enrollment Reported at Noon Thursday.

Approximately 500 persons were registered in East Liverpool up until 1 o'clock Thursday afternoon, the second day of enrollment for the general election on Nov. 4.
This brings the total to about 2,500, as 2,014 registered on October 2.
Voters will have two more opportunities to get their names on the books. Friday and Saturday, October 17 and 18, have been designated as the final registration days.
Women of the city failed to heed the appeal of election officials "to register early" and avoid a last-minute congestion at the registration places.

CLEVELAND, Oct. 9.—With civic and political organizations working side by side to get out the vote, Ohio's second day of registration for the fall election was expected to record a new high total for the state. Secretary Loller of the Youngstown club has announced that a strenuous fight will be waged to reroute the highway. His plan calls for a change of the road from Canton through Youngstown, New Castle and Butler into Pittsburgh, eliminating not only Columbiana county, but also Beaver county.

At the present time an improved road from Canton, via Alliance, Salem, East Palestine, Beaver Falls and Rochester is being used as a detour for tourists pending the completion of an improved road to Pittsburgh from East Liverpool.

Cremona Violin, 100 Years Old, to Be Played Here

The violin, which Mme. Estelle Gray-Lhevinne will use in her concerts at the high school auditorium, Friday afternoon and evening, was made in 1715 and was played by Mozart as a child. The instrument is noted for its far reaching tone, which penetrates the farthest corners of the world's largest auditoriums. Mme. Gray-Lhevinne is appearing in East Liverpool under the auspices of the department of music in the public schools.

MATINEE FEATURE

Reserved Seat Sale for Benefit Opened Thursday.

Reserved seat sale for the two concerts which Mme. Estelle Gray-Lhevinne, world-famed violinist will present in the high school auditorium, Friday afternoon and evening opened at the box office Thursday afternoon. The concerts will be conducted under auspices of the department of music in the East Liverpool public schools.

The matinee at 3 o'clock, will be for high school students and pupils of the seventh and eighth grades. Another program will be presented at 8:15 o'clock, open to the public. James Gray will be Mme. Gray-Lhevinne's accompanist.

The violin, which Mme. Gray-Lhevinne will use in this concert was made more than two centuries ago. It is the famous Cremona, manufactured in 1715, and was played by the famous Mozart when he was a child. Donizetti worked out the airs of his 80 operas, including "Lucia," on this violin. The famous Paganini also used it for many years.

KING PROMISES DISSOLUTION OF PARLIAMENT AS CABINET FALLS

MacDonald's Laborite Government Forced Out by Commons.

TORY MOVE WINS

Defeat Based Upon Withdrawal of Case Against Communist.

By DAVID M. CHURCH

LONDON, Oct. 9. — King George today promised to dissolve parliament as a result of the Laborite cabinet's defeat in the House of Commons yesterday.

The cabinet decided to resign if the Tory motion of censure were adopted. The vote on the motion was 364 in favor and 198 against.

The motion was based upon the government's withdrawal of a criminal prosecution against James Campbell, editor of a Communist newspaper.

Nine Months in Power

Resignation of the Labor ministry after 9 months in power, will await passage of the Irish boundary bill, which may come today.

When he left his official residence for the palace today, Premier MacDonald was accompanied by his Secretary Rosa Rosenberg. A little knot of early workers stood silently at the curb. J. B. Clynne, the labor leader, walked up Downing street, as the premier appeared and thrust out his hand in a warm clasp of encouragement.

There were no cheers as the premier entered the big limousine which waited at the curb and was borne away toward the palace. The scene was in sharp contrast to the triumphal demonstration of nine months ago, when labor's first premier walked into the palace to accept the premiership.

500 REGISTER ON SECOND DAY

Light Enrollment Reported at Noon Thursday.

Approximately 500 persons were registered in East Liverpool up until 1 o'clock Thursday afternoon, the second day of enrollment for the general election on Nov. 4.

This brings the total to about 2,500, as 2,014 registered on October 2.

Voters will have two more opportunities to get their names on the books. Friday and Saturday, October 17 and 18, have been designated as the final registration days.

Women of the city failed to heed the appeal of election officials "to register early" and avoid a last-minute congestion at the registration places.

CLEVELAND, Oct. 9.—With civic and political organizations working side by side to get out the vote, Ohio's second day of registration for the fall election was expected to record a new high total for the state. Campaigns directed towards securing the participation of those who rarely vote have been staged throughout the state and the generally satisfactory response secured the first day was expected to be repeated today.

AUTO UPSETS; DRIVER HURT

George Watkin is Injured in Accident North of Lisbon.

George Watkin, 780 Fenton street, was recovering Thursday from injuries suffered Tuesday evening, when his automobile overturned on an embankment along the Lisbon-Salem road, about two miles north of Lisbon, pinning him beneath it.

Watkin was traveling toward Salem enroute to Coshocton, where he planned to attend the county fair. At a point just beyond the Hinchliffe garage, another machine, bound toward Lisbon, forced his car from the road, way and struck it a glancing blow on the left side. This caused his automobile to topple over the embankment, making two complete somersaults.

The driver of the machine responsible for the accident failed to halt after the crash.

The injured man was pinned beneath the machine for about 15 minutes before he succeeded in freeing himself. He walked to a nearby garage where he secured assistance.

Watkin was badly bruised about the abdomen by the weight of the car.

Crowds Cheer Premier.

A demonstration marked his departure from the Palace after three quarters of an hour in conference with the King. Crowds cheered the Premier as he drove back to Downing street. The streets along the way were crowded by this time.

The Premier told the annual Labor conference in session:

"We were unable to get square treatment from commons last night, but we are getting it from the throne today in an order for dissolution of parliament."

A number of newspapers had urged that the King refuse the request of a minority for dissolution of parliament.

Election On Nov. 8.

According to present plans, parliament will be prorogued Oct. 29, nominations will be made Oct. 29 and the election held Nov. 8.

The election falls at an unfavorable time for the Labor party.

Unemployment is mounting. The cost of living has ascended in the nine months of labor rule.

Last night's defeat was the eleventh suffered by Premier MacDonald. He followed the adverse vote by immediate suggestion of adjournment.

Broadway Hits Back, Insures Stars Against Cupid

At last the New York theatrical managers are hitting back at Daniel Cupid, who has cost them large sums by luring into matrimony young women trained at great expense for dancing and feature roles. The managers are insuring their star revue performers against marriage. Florenz Ziegfeld led the way when he obtained a policy which will reimburse him if Ruth Fellows and Helen Sheldon, shown at the right, marry within three years. Ned Wayburn followed by insuring Hilda Ferguson (left) against the wiles of Cupid for \$50,000. Other managers are expected to take the same step.

G. O. P. Gubernatorial Nominee Hurls New Defi at Donahey

LEBANON, Ohio, Oct. 9—Harry L. Davis, former governor and republican nominee for that post in the November election, arrived here this morning for two meetings in Warren County. His first speech was to be made at a special luncheon meeting of the Lebanon Rotary club and at 2 o'clock he was to address a republican mass meeting.

In his talk before the Rotary club, Davis said he would emphasize the work these clubs in conjunction with the state government have been doing for the relief of crippled children. He was expected to declare for an appropriation by the state to establish a hospital large enough to provide surgical aid for all crippled children in the state.

Mr. Davis came here from Xenia where last night he spoke before a large gathering of Greene county voters. There he presented a new challenge to Gov. Donahey, inviting the chief executive to show wherein he had cut taxes and reduced the cost of government as promised in his campaign speeches two years ago.

It was a most benign day and a goodly crowd was there, as they say at the bartender's social. Seats were worth their weight in player pianos and the speculators did a thriving business. It was a late crowd, owing to the demands of sordid trade, but when it did come, it filled the park to its bulging capacity of 36,000.

Regardless of the untoward circumstances attending the playing of the fifth game, the Senators were a confident crew when they came on the field at 12:30. Roger Peckinpaugh the one-legged shortstop, immediately clutched a bat and began socking drives to distant sectors. He was expected to resume his place at shortstop.

Harris Predicts Victory.
"We had all the worst of the breaks in New York," quoth Stanley Harris, the juvenile understudy to Napoleon. "I think you will see a change here, beginning immediately. We expect to win today and then clinch the title by repeating tomorrow. I see nothing particularly difficult in that. It is about what you might expect from a club that won the American league championship."

"If it is at all probable, and I think it will be, Peck will play shortstop in both games. You will then see a tremendous difference in the Senators."

The Giants strolled on the field at 12:50 in their usual careless manner. They had nothing to say, even about the report that their world's series winnings might be held up pending further investigation of the Dolan-O'Connell scandal. They seemed to think that the incident was closed.

Up to the last moment McGraw declined to commit himself on his lineup.

Today almost everybody knows—or should know—that an airship is subjected to scarcely more stress in a storm than in calm weather because it drifts with the winds and does not resist except with its engines—and this is the same in storm as in still weather. Therefore the only justifiable question is whether stormy weather might prevent the airship from reaching its destination. Theoretically, doubts in this connection are certainly logical.

Radio Move Not Idle Dream, Says U. S. Laboratory Chief

WASHINGTON, Oct. 9.—What the next decade will bring to American radio was discussed today by Dr. J. H. Dellinger, chief of the radio laboratory of the United States bureau of standards, and one of the leading authorities at the national convention here.

Broadcasting of moving pictures of events as well as the words of the speakers, music or other entertainment is so far from an idle dream that Dr. Dellinger, a conservative government scientist, put it down as a certainty in five years.

Dellinger doesn't anticipate moving picture radio sets cheap enough for every home, but he did say that they will become as common as the home movie projector now on the market.

A broadcasting apparatus is set up with photographic device to form the picture of the subject to be transmitted by radio waves, it was explained.

Special Display of Beacon Blankets

These chilly nights call in no uncertain terms for more covering. Our store is ready to supply this demand with a big assortment of the very best blankets known to the trade.

The new Fall assortments of Beacon Blankets are here in broader variety and prettier we believe than ever before.

Next year you will lie in bed 121 days. Put that way, it sounds terrifying, doesn't it! But in the company of rest and sleep it may be a time of relaxation and comfort. Approximately one-third of our lives are spent, a time when nature builds up the tissues of the body to prepare for the next day's activities. And how well we rest and on how comfortable we feel during this period depends much on how well the next day's activities are accomplished.

Folks spend hundreds of dollars seeking pleasure during waking hours and still some refrain from spending a few dollars that contributes so much to the building up process of nature that practically rules the daytime accomplishments.

If it was necessary you would spend as much for your night-time bedding as it costs for your day-time clothing.

Enjoy the luxury of these beautiful Beacon Blankets. Note the colorings, the wonderful texture and be assured the colors are just the same after trips to the laundry.

Harris Predicts Victory.

"We had all the worst of the breaks in New York," quoth Stanley Harris, the favorite understudy to Napoleon. "I think you will see a change here, beginning immediately. We expect to win today and then clinch the title by repeating tomorrow. I see nothing particularly difficult in that. It is about what you might expect from a club that won the American league championship."

"If it is at all probable, and I think it will be, Peck will play shortstop in both games. You will then see a tremendous difference in the Senators."

The Giants strolled on the field at 12:50 in their usual careless manner. They had nothing to say, even about the report that their world's series winnings might be held up pending further investigation of the Dolan-O'Connell scandal. They seemed to think that the incident was closed.

Up to the last moment McGraw declined to commit himself on his lineup.

Today almost everybody knows or should know—that an airship is subjected to scarcely more stress in a storm than in calm weather because it drifts with the winds and does not resist except with its engines—and this is the same in storm as in still weather. Therefore the only justifiable question is whether stormy weather might prevent the airship from reaching its destination. Theoretically, doubts in this connection are certainly logical.

Police Seek Driver Of Motor Truck Which Kills Girl

CLEVELAND, Oct. 9.—Police of Cleveland and outlying Cuyahoga municipalities today were seeking the driver of a light truck, who driving wildly on Snow road, Parma township, last night killed Angelina Camello, 8, and probably fatally injured her brother, Frank Camello, 11.

The driver, believed to have been intoxicated, failed to stop. A description of his car, upon which police hope to effect an arrest, was furnished by Miss Tve Korck, who was forced into the ditch a few hundred feet from the scene of the accident, by a truck careening from one side of the road to the other.

In another accident last night, two women were seriously injured when a car roverted. Thed river, police said, lost control when he took his hand from the steering wheel to take out his watch.

Two Men Killed When Crack Flyer Hits Ohioans' Auto

PORT CLINTON, O., Oct. 9.—Mrs. Eugene Lyon, 55, of Port Clinton, and her daughter, Mrs. Oscar Jackson, 35, of Cleveland, were dead here today, the result of an accident last night when their car was struck by the Twentieth Century Limited on the New York Central at a crossing west of here. Oscar Jackson, husband of the young woman, was rushed here from Cleveland in a special train by officials of the railroad upon learning of the accident.

Radio Move Not Idle Dream, Says U. S. Laboratory Chief

WASHINGTON, Oct. 9.—What the next decade will bring to American radio was discussed today by Dr. J. H. Dellinger, chief of the radio laboratory of the United States bureau of standards, and one of the leading authorities at the national convention here.

Broadcasting of moving pictures of events as well as the words of the speakers, music or other entertainment is so far from an idle dream that Dr. Dellinger, a conservative government scientist, put it down as a certainty in five years.

Dellinger doesn't anticipate moving picture radio sets cheap enough for every home, but he did say that they will become as common as the home movie projector now on the market.

A broadcasting apparatus is set up with photographic device to form the picture of the subject to be transmitted by radio waves, it was explained.

Special Display of Beacon Blankets

These chilly nights call in no uncertain terms for more covering. Our store is ready to supply this demand with a big assortment of the very best blankets known to the trade.

The new Fall assortments of Beacon Blankets are here in broader variety and prettier we believe than ever before.

Next year you will lie in bed 121 days. Put that way, it sounds terrifying, doesn't it! But in the company of rest and sleep it may be a time of relaxation and comfort. Approximately one-third of our lives are spent, a time when nature builds up the tissues of the body to prepare for the next day's activities. And how well we rest and on how comfortable we feel during this period depends much on how well the next day's activities are accomplished.

Folks spend hundreds of dollars seeking pleasure during waking hours and still some refrain from spending a few dollars that contributes so much to the building up process of nature that practically rules the daytime accomplishments.

If it was necessary you would spend as much for your night-time bedding as it costs for your day-time clothing.

Enjoy the luxury of these beautiful Beacon Blankets. Note the colorings, the wonderful texture and be assured the colors are just the same after trips to the laundry.

Beacon blankets—double—size 72x84. Bound ends. Priced at \$8.75 the pair.

Beacon blankets—double—size 70x82. Priced at \$5.75; size 66x88, priced at \$5.00.

EX-SERVICE MEN CONVENE HERE

Parade, Initiation Feature of "40 and 8" Session.

A street parade, smoker and initiation were outstanding features of the Columbiana-Jefferson county meeting of the "40 and 8," an American Legion organization, Wednesday night, in the headquarters of Wellsville post No. 79.

Approximately 50 legion members marched in the street parade which opened up the ex-service men's ceremonies. The delegation included approximately 25 members from Jefferson county volunteers.

Following the parade the ex-service men held their initiation ceremonies in the local post headquarters. Four candidates faced the "wrecking crew."

Addresses were given by Harry C. Brashear, chief de gare of the Jefferson county volunteers; Robert McGowan of Steubenville and William Foulks of East Liverpool. Foulks gave reports also on the Zanesville and St. Paul conventions of the legion.

Arrangements were completed for a tri-county meeting of the "honored" to be held in the third week of November in Steubenville, with delegations attending from Columbiana, Jefferson and Belmont counties. The degree work will be staged by the Belmont countians.

At the close of the business session the Wellsville members served refreshments, directed by Samuel Adams.

Hospital Kitchen Nurtures Romance; Both Now Preachers

SYRACUSE.—In April, 1923, Miss Esther Ida Williams, supervisor of nurses at the Hospital of the Good Shepherd, and Alfred C. Abbe, a Syracuse University medical student, stood in the sanctuary of the University Methodist Episcopal church and pledged their troth.

Today each is licensed to stand in the pulpit and preach the gospel to followers of the Methodist faith. Such is the beginning and the latest stanza in the college romance and successful career of two residents of University Hill, whose lives received their first impetus to twine together—where?

In the kitchen of a hospital. Unbelievable, but it's so, Miss Williams and the hard-working college boy found they were fashioned for the same high profession—the ministry—after a chance meeting in the culinary quarters of the Hospital of the Good Shepherd.

They were brought together through Abbe's part-time employment as a kitchen attendant. They fell in love. They were married. Around the latter ceremony hinges another strange occurrence in the lives of the two young Doctors of Divinity.

The prospective bride and her bridegroom were at the door of the University Methodist Episcopal church ready to start down the aisle. The march to the altar, however, was deferred for two weeks when the youth full Abbe collapsed.

He was brought to his sweetheart's ward in the hospital and nursed back to health and a marriageable condition.

They were married.

Arrangements have been completed by the Jolly Fellows club for their second dance to be held on Thursday evening, N. E. Stillwell's orchestra will give the following program.

EAST LIVERPOOL—AMERICA'S POTTERY CENTER

THURSDAY, OCTOBER 9, 1924.

Register

More than 6,000 East Liverpool electors must qualify today or on Friday or Saturday of next week, if they desire to safeguard their right to a voice in the selection of a president, state, district and county officers.

From 9 a. m. to 3 p. m. and 5 to 10 p. m., the registration places will be open. If you did not enroll at last Thursday—and only 2,014 heeded the suggestion to register on the first day—do so before 10 o'clock tonight. If you delay, you may disfranchise yourself, for circumstances may prevent compliance with the requirement next week.

Women should co-operate with election board officials in an effort to prevent congestion in the precinct registration places by enrolling during the early hours of the day. Unemployed persons are urged to register between 10 a. m. and noon and between 1 and 3 p. m. If they do, the rush periods at noon and from 5 to 10 p. m. will be left for men and women whose work prevents their enrollment earlier.

Don't forget you must register. Do it today.

First Aid to Genius

An organization known as the Associated Industries sent out a committee to search the factories of New England for hidden genius. The committee worked for 18 months, and then it presented 20 young men and women as showing "unusual promise."

These 20 were then given certain hard tests by a group of Harvard professors. Their ranks were thinned to six—five boys and a young woman 24 years old. The six were then taken to Harvard for further exacting tests. All of them rated Class A, but the young woman scored highest in personality and intelligence, so she was chosen for the rest of the experiment.

She has had a lifelong ambition to study medicine and to specialize in children's diseases, and this the committee will give her an opportunity to do.

It will be interesting to know the outcome of the experiment a few years hence—whether the committee's judgment is correct and whether the young woman's ambition has survived the strenuous course of studies she will have to pursue before she can even begin to specialize in her favorite line. If she comes through successfully, becomes a great physician and an authority on children's diseases, contributing, perhaps, some successful original research work to that field, then the experimenters will undoubtedly feel that they have pointed the way to rescuing other hidden genius from the circumstances which have suppressed it.

In the meantime one cannot help feeling an interest in the future course of the 19 boys and girls who were found to have "unusual promise," but who just failed to qualify for this particular experiment. Will they go back to those New England factories and again become hidden geniuses? Or will they take a fresh start on the basis of the Harvard tests and follow some new activity to fine fruition? Or, again, will they return to the factories and, resuming their former jobs, rise from them to fine achievement as inventors or executives or leaders of some sort?

To be wholly successful, the committee or its backers should follow the careers of all 20 of these young people for at least 10 more years.

Pioneer Transportation

There is unusual appeal in the flight of Ezra Meeker from Seattle, Wash., to Dayton, O., in an army airplane, to see the races. Meeker is 90 years old. On his journey east by this most modern type of transportation, he has followed the trail he took when, as a young pioneer, he traveled west in an ox cart. What memories must have been aroused as the old man flew.

Every kind of pioneering is an improvement at the time, and yet soon comes to be regarded as slow, backward, inefficient and dull. Half a century hence that airplane flight eastward may appear almost as crude pioneering as the ox cart method appears now.

THE AMERICAN GOVERNMENT

By FREDERIC J. HASKIN

18—THE HOUSE OF REPRESENTATIVES

Because each of its members must return to his constituency every two years for re-election, the house of representatives of the American congress stands as the nearest approach to a reflection of the will of the people that is to be found in this country's governmental system. Senators are elected for a term of six years, and, therefore, are less subject to the fluctuation of public opinion than representatives. The president is elected for four years' service and public opinion may swing as a pendulum from one extreme back to the other before the country has opportunity to pass upon his administration. Only the house reflects practically every change of sentiment that comes over the American people.

In the sixty-eighth congress, and probably in a number of succeeding congresses, the house will be made up of 435 members, not including the territorial delegates from Alaska and Hawaii and the resident commissioners from the Philippine Islands and Porto Rico. These delegates and commissioners have a place on the floor and may speak upon pending questions, but they have no vote. The membership of the house is fixed by congress. The constitution provides for a decennial census to ascertain the population of the United States and each state in the union. This is primarily to determine exactly what proportion of the total membership of the house shall be assigned to each of the several states.

After the census returns at the beginning of each decade are in hand, congress may take up the problem of determining the size of the house during the 10 years to follow. As long as the population of the country continues to grow as rapidly as it has in the past, it is inevitable that either the number of members must be largely increased, or that the number of people who shall constitute the average congressional district shall be correspondingly increased. To increase the membership of the house in proportion to the growth of the country would result in that body becoming so large as to be unwieldy. To maintain it at the same number would result in such a large increase in the number of people who would constitute a congressional constituency that states with slowly expanding populations would lose members, while states with rapidly growing populations would gain a corresponding number of members. To compromise, as at present, will make it inevitable that some members represent twice as many constituents as other members.

TAKING DOWN THE MACE

One of the most interesting things in the house is the mace, the emblem of its authority. If a member refuses to obey the orders of the speaker or of the house, the speaker orders the sergeant-at-arms to bring the offender to order. This official takes the mace, which is a variation of the old Roman symbol of power, the fasces of the lictor, except that a silver eagle is substituted for the battle-axe, and marches to the seat of the offender. A member always deems a visit from the sergeant-at-arms bearing the mace and usually subsides before it is taken from its pedestal near the speaker's chair.

The house has its own postoffice, its own restaurant, a folding room from which documents are sent out, a document room where all sorts of legislative documents are on file, and other facilities which leave nothing to be desired in expediting legislation. It is when a session of congress comes to a close that one of the most interesting scenes of congressional activity is enacted. For several days before there is usually a great crush of business with perhaps an all-night filibuster at the end. An all-night session is a strenuous affair and frequently the house is without a quorum. Then the members try to keep awake by singing, smoking, telling jokes and quizzing—in fact, everything else but legislation. There are usually some rather strong candidates for operative honors, and when they sing such songs as "We Won't Go Home Until Morning," "My Old Kentucky Home" and "Old Black Joe," there are high times, the house generally standing in recess for the songfest. The more sedate senate stages no such farewell ceremonies.

The house in the sixty-eighth congress is unusual in that many of the most important personalities in the preceding sessions are no longer members. One of the most familiar characters in public life, "Uncle Joe" Cannon, who served 23 terms in the house, is among those missing, having retired voluntarily. Now, the oldest member of congress, in point of service, is Speaker Frederick H. Gillett, of Massachusetts, who has served 15 consecutive terms.

The house has been looked upon by many as the training school for senators, and it is to be noted that a third of the members of the senate of the sixty-seventh congress were former members of the house.

A MAN OF PARTS

Constituents have different opinions of their representative. He is a man who plays many parts. To some he is a legislator, an errand boy, a political agent, or possibly a sight-seeing guide. To others he is an employment bureau and general adviser to the poor and needy. Nothing is thought too good for a representative to perform. He is to get the president to appoint the home-town mayor as secretary of state. It is estimated that each representative gets on an average of 100 pieces of mail per day and each senator 70. This brings the capitol correspondence for the day to around 50,000 pieces.

It was only in recent years that the house has been invaded by women members. Miss Jeannette Rankin, of Montana, was the first woman to have the distinction of sitting as a member of that body. Miss Alice Mary Robertson, of Oklahoma, and Mrs. Winifred Mason Hark, daughter of the late Senator William E. Mason, of Illinois, have also served as members of the house. In the sixty-eighth congress there is but one woman representative, Mrs. John I. Nolan, of California, the wife of the late representative from the fifth congressional district of that state. Only one woman has ever served as a member of the United States senate. Mrs. Rebecca Lathrop Felton, of Cartersville, Ga., was appointed by Governor Thomas W. Hardwick to fill a vacancy and had the distinction of serving in the senate, although but for three days.

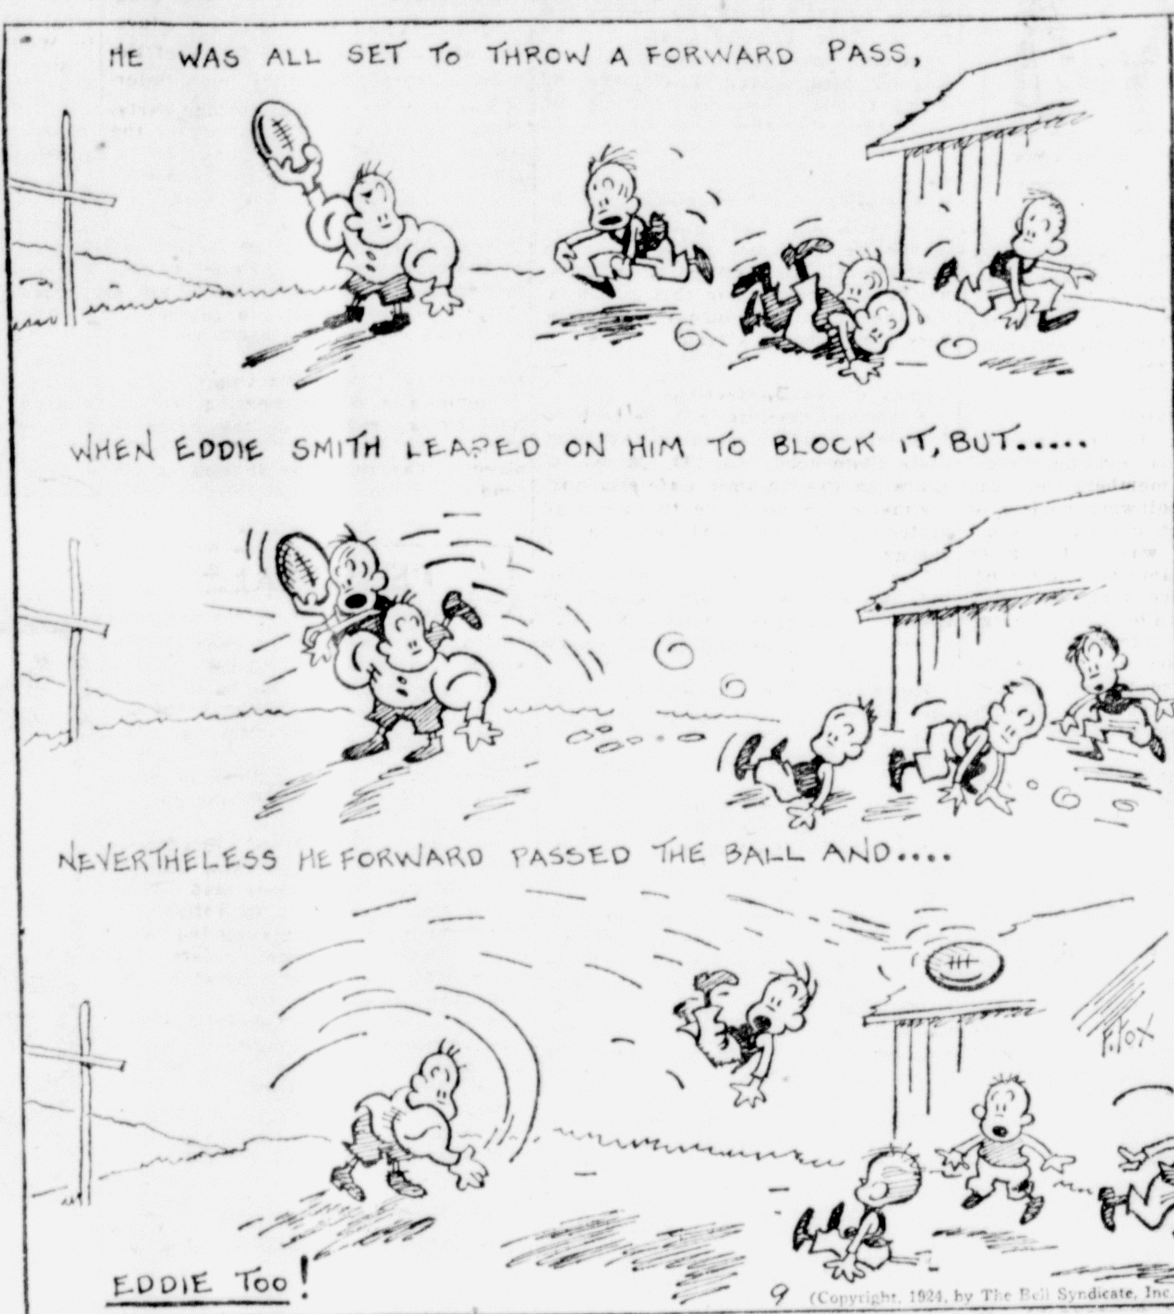

THE RIGHT OF PRECEDENT

The question as to whether the speaker of the house has any authority as such after the adjournment of a congress has often been raised. At the time of the funeral of President Harding, when it was necessary that invitations be issued for the funeral services in the capitol building, there was an argument as to whether the invitation should be sponsored by "the congress of the United States," and signed on the part of the house by the speaker. It was decided that the invitations should go with the title "the congress of the United States," as William Tyler Page, clerk of the house, cited the precedent that Mr. Henderson, in the same circumstances, was unable to act when President McKinley died in 1901. Mr. Page, as the ranking house official, prepared the list of guests for President Harding's funeral.

The house of representatives is perhaps the most expensive law-making institution in the world. Beginning with the sixty-eighth congress, the annual expense of maintaining it approximates \$6,000,000 a year, which does not include its large printing bill. The salaries of its members aggregate nearly three and a half million dollars. Each member is allowed \$3,200 for clerk hire, and this amounts to \$1,408,000. The house has a large staff of officers and clerks, whose salaries total nearly \$600,000. There are 29 cents for each mile traveled by each representative in coming to his duties and returning home, and \$125 for stationery allowance.

The house requires that an annual report shall

NEWSY GOSSIP OF BIG CITIES

By COPELAND C. BURG.

HOLLYWOOD, Cal., Oct. 9.—Ponder the unhappy ending! For it has turned Hollywood topsyturvy.

Wild women from Samoa, the latest antics of Mabel Normand, the reported marriage of Edna Purviance, the wedding of the girl screen star to the director at the request of the dying first spouse—all these are nothing compared to the sad denouement.

It all started when a well-informed, intelligent director decided to make Hardy's "Tess of the D'Urbervilles" into a picture.

Tess, the beautiful milkmaid heroine, died on the silver sheet as she did by Hardy's pen—at the end of a rope on a hill in the dawn.

But now gossip has it that the picture may be a big "flop." The producing company is considering recalling the film and having it done with Tess marrying some rose-cheeked farmer's boy and living happily ever after.

One of the largest producing companies in Hollywood has dared to follow the original "Tess" film and turn out a tragedy.

This concern has decided to give what it calls "one more chance to the public."

"We will produce one more picture with an unhappy ending," the chief of this concern whispered among the palms of cinema land. "All pictures of this type—mighty few of them have been produced—have been financial failures. They have failed to draw at the box office, but we want to turn out one more and if it is a bust—goodbye tragedy forever."

Just the fate of this forthcoming film and that of "Tess," should it remain with the dramatic hanging scene as film, may determine the future trend of the gigantic motion picture industry.

Should these two pictures "go over" at the box office, instantly the "sad ending" would be in for a long stay.

Then exit the final close-up of the lovers in a long, happy kiss.

Rupert Hughes, criticized by the so-called intelligentsia for his novels and pictures, has been made a studio executive and in the future will supervise operations.

Never has any picture, so the frank reviewers said, been as bad as "Souls for Sale," but box office accounts reveal that few have brought in the coin as fast and as constantly as that picture, brain-child of Hughes.

Hughes has done nothing in movies for six months, but plans several pictures in 1925.

Another excursion into the hitherto unexplored regions of art is heralded in a new film called "He Who Gets Slapped." This picture is announced as a defense of the charge that everything about cinema productions is unreal, incorrect, bad.

"He Who Gets Slapped," with Lon Chaney as "He," is promised as a bit of life as life is—tragic, sombre, cynical.

On top of the first evidence of a turn in motion picture land for something entirely new is seen the fadeout of "sex appeal."

DINNER STORIES

On the completion of the new golf course the biggest man of the superb, physically and financially, was invited to perform the opening ceremony.

As he had never played golf, he was given a deep-faced niblick for the initial drive.

Justly he was driven far toward China, and a yard of turf was rolled up like a carpet. But the big man kept his nerve as he surveyed the gaping greenward.

"I declare this golf course opened," he said, with a smile.

Representative Swank, of Oklahoma, was praising an Oklahoma heiress.

"She went abroad last season," said Mr. Swank, "and when she came home an Oklahoma friend said to her:

"I suppose you saw a lot of picturesque ruins over there in Europe?"

"You bet," said the heiress, "and I turned eight of them down."

he made by its clerk. This report goes into the minutest detail of all expenditures. After noting the larger items of expense it shows in one instance that a 1-cent refund was made on a clerk's salary, that 10 cents was paid for a bottle of violet for the speaker's automobile, and that a felt washlet for was purchased for 6 cents.

NEW YORK DAY BY DAY

O. O. MCINTYRE

NEW YORK, Oct. 9.—In other days in New York the headwaiter was a king along Broadway. In reality a glorified serf, people clamored for his dignified salaam. There was something of magic about his abracadabra. Diners shrank from his frown. All sought his smile.

Now nearly all of the Jules, Alfreds and Charlies are out of jobs. Many had quit posts in hotels to stand at the entrance ropes of the gilded resorts. They knew the mellowing influence of illicit beverages sold in these places in increasing the size of the tip.

Then padlocks came to the White Way and they stood just as they made many customers stand—outside looking in. More than 20 of the most famous headwaiters are gone. A few have returned to Paris and London. Others are trying to adjust themselves to sudden change.

Outside of the big hotels, New York is eating in intimate little hide-aways where the need is only for two or three waiters. The proprietor greets customers for he wants to be sure they are "all right" before taking a chance on liquid cheer.

While the headwaiter has suffered the ordinary waiter has prospered. He is allowed to wait on more people than he was in old days and consequently he collects more tips. The job isn't so exacting and he doesn't have to remain so much the servant.

It used to be the best head waiting job in New York was at the old Knickerbocker hotel. The bloods of the town dined there. Sports often after a "killing" gave the headwaiter a hundred dollar bill just to be recognized and fawned over.

Headwaiters in those days worked for nothing. Some even paid for the privilege of holding a job. Then came the midnight supper clubs which made the pickings good. But it is all over now. Head waiting is going the way of the horse drawn landau.

The most aptly named district in New York is Hell's Kitchen. It is, especially at night, a place to hurry through. The pedestrians are furtive and hurried. The curbs are lined with overflowing garbage pails topped by mangy, meowing cats. All the lights are dim and in the pool halls and sawdust coated cafes are wicked, leering faces. The movie theaters specialize in blood and thunder. There is a dreary monotony to the brick houses. Young ruffians stand in groups at each street corner. Men and women talk in monosyllables.

There is one mean, ugly and crooked street in Hell's Kitchen that is filled with cheap rooming houses. The lodgers seem to be those battered mercilessly by life and then cast aside. People sit in musty hallways or behind faded blinds. The children do not laugh. They stand about apparently wondering what will happen next. The men are coatless and the women sit about in bare feet. It is a street to forget.

And by way of contrast the brightest and liveliest block in Gotham to my notion is on the west side of Fifth avenue between Forty-second and Forty-third streets at noon. And at night you cannot beat the rumble and glitter of Times Square.

Yet with all the dazzle of the world metropolises—New York, Paris and London, there is one impressive scene that time will not erase. It stands out vividly with cameo-like clearness. It was about 20 years ago on a side wheel steamer pulling into the levees at Cincinnati. The city had lighted up for the night. Nothing before or since has been so breath-taking to me.

The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune.

IDEALISM AND FLYING

President Coolidge, praising the Red Cross, suggests that wars be eliminated by "practical idealism." It is a beautiful abstract thought. For the United States, just now, however, the best peace insurance would be found in 10,000 practical flyers, with first class machines to fly in, capable of carrying mail in peace, bombs and poison gas in war. Practical peace enables a nation to develop its "practical idealism" without being suddenly knocked over the head in the midst of its idealism.

HANG HIM TWICE

Bishop Hughes, presiding over the Methodist Episcopal church, says that, apart from his general views on capital punishment, he would hang the Rev. Lawrence M. Hight, who killed his own wife for another woman and made that woman kill her husband.

Capital punishment is abominable, but an exception in its favor might well be made in the case of the Rev. Mr. Hight. If it were possible, he ought to be hanged twice, once for the double murder and once for disgracing a most noble, unselfish calling. They used to do that in China, strangling a man almost to death a dozen times or more, before killing him. They used also to saw criminals lengthwise, top partridge.

BIG BUSINESS QUESTIONS

When you hear talk against "big business" ask a few questions.

Did you know that Canada and Australia are in a combination, properly to help each other's business at the expense of the United States?

Did you know that Germany and France, enemies in other things, combine to regulate and maintain the prices that the United States must pay for fertilizer?

Are you aware that Czecho-Slovakia and Rumania are preparing a "trade defense pact"?

It is necessary to have "big business" to meet and compete with "big business" across the ocean, which is organized on an international scale?

LA FOLLETTE UNSELFISH

La Follette denies unnecessarily that he is working to cause a deadlock and throw the election of a president into the house of representatives. If the election goes to the house, he cannot be chosen president, and he knows it.

He is working for an idea, that of independent action in politics, not for himself. There is no more unselfish figure in national politics than Senator La Follette and enemies that lie about him know it. To pile up the biggest possible vote for the independent idea is what he wants—nothing else. After the treatment which he got from the California court his vote ought to be big.

The Duke of Devonshire's house in Piccadilly is to be pulled down. Many Americans remember the yellow wall around it. The site will be occupied by apartments on the American plan, and an American architect, Thomas Hastings, will boss the job. Mr. Hastings is the man who got the gold medal from the king.

The English are willing to learn even from an American. They could learn a great deal about political building from L. J. Horowitz, who is there now.

On big building operations in England they still have men crawling up ladders carrying bricks and mortar, as they probably did on the Tower of Babel.

Mr. Frelinghuysen, formerly senator from New Jersey, has bought the Newark Press, a tabloid evening newspaper.

Wishing Senator Frelinghuysen the best of luck, it is only fair to warn him that will now go through an experience that will make politics seem like child's play. One year's financing of a new newspaper is a whole education in itself.

In some places yesterday gasoline was selling below nine cents a gallon. That, with wheat going \$1.70 a bushel, pleases the farmer. Democrats say: "The farmers won't be fooled into voting for Coolidge because wheat is high. There is nothing to prevent its going down after election."

The Republican farmer may reply: "That's so, but there are some things that might help it go down, after election, pretty fast."

Could heirs, fighting over the millions left by old Jay Gould, be represented by 5 lawyers. When they meet in court it costs the heirs \$2,500 an hour. And there are legal guardians appointed by the court for the numerous minors. As Jay Gould looks down, it must make him shiver, in spite of the fact that money is of no importance where he is now.

Register

More than 6,000 East Liverpool electors must qualify today or on Friday or Saturday of next week, if they desire to safeguard their right to a voice in the selection of a president, state, district and county officers.

From 9 a. m. to 3 p. m. and 5 to 10 p. m., the registration places will be open. If you did not enroll at last Thursday—and only 2,014 heeded the suggestion to register on the first day—do so before 10 o'clock tonight. If you delay, you may disfranchise yourself, for circumstances may prevent compliance with the requirement next week.

Women should co-operate with election board officials in an effort to prevent congestion in the precinct registration places by enrolling during the early hours of the day. Unemployed persons are urged to register between 10 a. m. and noon and between 1 and 3 p. m. If they do, the rush periods at noon and from 5 to 10 p. m. will be left for men and women whose work prevents their enrollment earlier.

Hardwick to fill a vacancy and had the distinction of serving in the senate, although but for three days.

THE RIGHT OF PRECEDENT

The question as to whether the speaker of the house has any authority as such after the adjournment of a congress has often been raised. At the time of the funeral of President Harding, when it was necessary that invitations be issued for the funeral services in the capitol building, there was an argument as to whether the invitations should be sponsored by "the congress of the United States," and signed on the part of the house by the speaker. It was decided that the invitations should go with the title "the congress of the United States," as William Tyler Page, clerk of the house, cited the precedent that Mr. Henderson, in the same circumstances, was unable to act when President McKinley died in 1901. Mr. Page, as the ranking house official, prepared the list of guests for President Harding's funeral.

The house of representatives is perhaps the most expensive law-making institution in the world. Beginning with the sixty-eighth congress, the annual expense of maintaining it approximates \$4,000,000 a year, which does not include its large printing bill. The salaries of its members aggregate nearly three and a half million dollars. Each member is allowed \$2,200 for clerk hire, and this amounts to \$1,408,000. The house has a large staff of officers and clerks, whose salaries total nearly \$600,000. There are other items to be considered, such as an allowance of 29 cents for each mile traveled by each representative in coming to his duties and returning home, and \$125 for stationery allowance.

The house requires that an annual report shall

NEWSY GOSSIP OF BIG CITIES

By COPELAND C. BURG.

HOLLYWOOD, Cal., Oct. 9.—Ponder the unhappy ending! For it has turned Hollywood topsyturvy.

Wild women from Samoa, the latest antics of Mabel Normand, the reported marriage of Edna Purviance, the wedding of the girl screen star to the director at the request of the dying first spouse—all these are nothing compared to the sad denouement.

It all started when a well-informed, intelligent director decided to make Hardy's "Tess of the D'Urbervilles" into a picture.

Tess, the beautiful milkmaid heroine, died on the silver sheet as she did by Hardy's pen—at the end of a rope on a hill in the dawn.

But now gossip has it that the picture may be a big "flop." The producing company is considering recalling the film and having it done with Tess marrying some rosy-checked farmer's boy and living happily ever after.

One of the largest producing companies in Hollywood has dared to follow the original "Tess" film and turn out a tragedy.

This concern has decided to give what it calls "one more chance to the public."

"We will produce one more picture with an unhappy ending," the chief of this concern whispered among the palms of cinema land. "All pictures of this type—mighty few of them have been produced—have been financial failures. They have failed to draw at the box office, but we want to turn out one more and if it is a box-office good-bye tragedy forever."

Just the fate of this forthcoming film and that of "Tess," should it remain with the dramatic hanging scene as film, may determine the future trend of the gigantic motion picture industry.

Should these two pictures "go over" at the box office, instantly the "sad ending" would be in for a long stay.

Then exit the final close-up of the lovers in a long, happy kiss.

Rupert Hughes, criticized by the so-called intelligentsia for his novels and pictures, has been made a studio executive and in the future will supervise operations.

Never has any picture, so the frank reviewers said, been as bad as "Souls for Sale," but box office accounts reveal that few have brought in the coin as fast and as constantly as that picture, brain-child of Hughes.

Hughes has done nothing in movies for six months, but plans several pictures in 1925.

Another excursion into the hitherto unexplored regions of art is heralded in a new film called "He Who Gets Slapped." This picture is announced as a defense of the charge that everything about cinema productions is unreal, incorrect, bad.

"He Who Gets Slapped," with Lon Chaney as "He," is promised as a bit of life as life is—tragic, sombre, cynical.

On top of the first evidence of a turn in motion picture land for something entirely new is seen the fadeout of "sex appeal."

DINNER STORIES

On the completion of the new golf course the biggest man of the superb, physically and financially, was invited to perform the opening ceremony.

As he had never played golf, he was given a deep-faded niblick for the initial drive.

Justly he swiped at the ball, with the only effect that it was driven far toward China, and a yard of turf was rolled up like a carpet. But the big man kept his nerve as he surveyed the gaping green-sward.

"I declare this golf course opened," he said, with a smile.

Representative Swank, of Oklahoma, was praising an Oklahoma hearse.

"She went abroad last season," said Mr. Swank, "and when she came home an Oklahoma friend said to her:

"I suppose you saw a lot of picturesque ruins over there in Europe?"

"You bet," said the hearse, "and I turned eight of them down."

be made by its clerk. This report goes into the minutest detail of all expenditures. After noting the larger items of expense it shows in one instance that a 1-cent refund was made on a clerk's salary, that 10 cents was paid for a felt washer for the speaker's automobile, and that a bottle of violet ink was purchased for 6 cents.

NEW YORK DAY BY DAY

O. O. MCINTYRE

NEW YORK, Oct. 9.—In other days in New York the headwaiter was a king along Broadway. In reality a glorified serf, people clamored for his dignified salami. There was something of magic about his abracadabra. Diners shrank from his frown. All sought his smile.

Now early all of the Jules, Alfreds and Charlises are out of jobs. Many had quit posts in hotels to stand at the entrance ropes of the glided resorts. They knew the mellowing influence of illicit beverages sold in these places in increasing the size of the tip.

Then padlocks came to the White Way and they stood just as they made many customers stand—outside looking in. More than 20 of the most famous headwaiters are gone. A few have returned to Paris and London. Others are trying to adjust themselves to sudden change.

Outside of the big hotels, New York is eating in intimate little hide-aways where the need is only for two or three waiters. The proprietor greets customers for he wants to be sure they are "all right" before taking a chance on liquid cheer.

While the headwaiter has suffered the ordinary waiter has prospered. He is admitted to wait on more people than he was in old days and consequently he collects more tips. The job isn't so exacting and he doesn't have to remain so much the servant.

It used to be the best head waiting job in New York was at the old Knickerbocker hotel. The bloods of the town dined there. Sports often after a "killing" gave the headwaiter a hundred dollar bill just to be recognized and fawned over.

Headwaiters in those days worked for nothing. Some even paid for the privilege of holding a job. Then came the midnight supper clubs which made the pickings good. But it is all over now. Head waiting is going the way of the horse drawn landau.

The most aptly named district in New York is Hell's Kitchen. It is, especially at night, a place to hurry through. The pedestrians are furtive and hurried. The curbs are lined with overflowing garbage pails topped by mangy, meowing cats. All the lights are dim and in the pool halls and sawdust coated cafes are wicked, leering faces. The movie theaters specialize in blood and thunder. There is a dreary monotony to the brick houses. Young ruffians stand in groups at each street corner. Men and women talk in monosyllables.

There is one mean, ugly and crooked street in Hell's Kitchen that is filled with cheap rooming houses. The lodgers seem to be those battered mercilessly by life and then cast aside. People sit in musty hallways or behind faded blinds. The children do not laugh. They stand about apparently wondering what will happen next. The men are careless and the women sit about in bare feet. It is a street to forget.

And by way of contrast the brightest and liveliest block in Gotham to my notion is on the west side of Fifth avenue between Forty-second and Forty-third streets at noon. And at night you cannot beat the rumble and glitter of Times Square.

Yet with all the dazzle of the world metropolises—New York, Paris and London, there is one impressive scene that time will not erase. It stands out vividly with cameo-like clearness. It was about 20 years ago on a side wheel steamer pulling into the levees at Cincinnati. The city had lit up for the night. Nothing before or since has been so breath-taking to me.

TODAY

BY ARTHUR BRISBANE

The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in accordance with the policies of The Review-Tribune.

IDEALISM AND FLYING

President Coolidge, praising the Red Cross, suggests that wars be eliminated by "practical idealism." It is a beautiful abstract thought. For the United States, just now, however, the best peace insurance would be found in 10,000 practical flyers, with first class machines to fly in, capable of carrying mail in peace, bombs and poison gas in war. Practical power enables a nation to develop its "practical idealism" without being suddenly knocked over the head in the midst of its idealism.

HANG HIM TWICE

Bishop Hughes, presiding over the Methodist Episcopal church, says that, apart from his general views on capital punishment, he would hang the Rev. Lawrence M. Hight, who killed his own wife to get another woman and made that woman kill her husband.

Capital punishment is abominable, but an exception in its favor might well be made in the case of the Rev. Mr. Hight. If it were possible, he ought to be hanged twice, once for the double murder and once for disgracing a most noble, unselfish calling. They used to do that in China, strangling a man almost to death a dozen times or more, before killing him. They used also to saw criminals lengthwise, for particular.

BIG BUSINESS QUESTIONS

When you hear talk against "big business" ask a few questions.

Did you know that Canada and Australia are in a combination, properly to help each other's business at the expense of the United States?

Did you know that Germany and France, enemies in other things, combine to regulate and maintain the prices that the United States must pay for fertilizer?

Are you aware that Czechoslovakia and Rumania are preparing a "trade defense pact"?

It is necessary to have "big business" to meet and compete with "big business" across the ocean, which is organized on an international scale?

LA FOLLETTE UNSELFISH

La Follette denies unnecessarily that he is working to cause a deadlock and throw the election of a president into the house of representatives. If the election goes to the house, he cannot be chosen president, and he knows it.

He is working for an idea, that of independent action in politics, not for himself. There is no more unselfish figure in national politics than Senator La Follette and enemies that he about him know it. To pile up the biggest possible vote for the independent idea is what he wants—nothing else. After the treatment which he got from the California court his vote ought to be big.

The Duke of Devonshire's house in Piccadilly is to be pulled down. Many Americans remember the yellow wall around it. The site will be occupied by apartments on the American plan, and an American architect, Thomas Hastings, will boss the job. Mr. Hastings is the man who got the gold medal from the king.

The English are willing to learn even from an American. They could learn a great deal about the building from L. J. Haworth, who is there now. On his building operations in England they will have men crawling up ladders carrying bricks and mortar, as they probably did on the Tower of Babel.

Mr. Fredlinghuysen, formerly senator from New Jersey, has bought the Newark Press, a tabloid evening newspaper.

Wishing Senator Fredlinghuysen the best of luck, it is only fair to warn him that will now go through an experience that will make politics seem like child's play. One year's financing of a new newspaper is a whole education in itself.

In some places yesterday gasoline was selling below nine cents a gallon. That, with wheat above \$1.70 a bushel, pleases the farmer. Democrats say: "The farmers won't be fooled into voting for Coolidge because wheat is high. There is nothing to prevent its going down after election."

The Republican farmer may reply: "That's so, but there are some things that might help it go down, after election, pretty fast."

Could heirs, fighting over the millions left by old Jay Gould, be represented by 5 lawyers. Whenever they meet in court it costs the heirs \$2,500 an hour. And there are legal guardians appointed by the court for the numerous minors. As Jay Gould looks down, it must make him shiver, in spite of the fact that money is of no importance where he is now.

The bridegroom is employed as decorator at the Taylor, Smith and Taylor pottery. He had as his attendants Walter Yost of Wheeling, a brother of the bride, and Kenneth Berg.

Beauty

A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair appears after this delightful, refreshing dressing.

Following the ceremony, a wedding dinner was served, places being arranged for 50 guests. The bride's table was decorated with flowers, candles and a large wedding cake.

Following a honeymoon trip in the east, Mr. and Mrs. Jennison will make their home in Chester.

NEWS NOTES FROM MOVIELAND

The handsome Milton Sills is sporting his first grown-on mustache according to his press agent. Possibly he grew so enamored of the fierce looking mustaches he wore as the "Sea Hawk" that he felt lonesome when he removed them to play with Nazimova in "Madonna of the Streets" or "As Man Desires," in which he is now appearing.

Another guess is that he felt it would add dignity to his appearance, for, according to this same p. a., he is a filmland's official master of ceremonies at all social functions. Having taken his A. B. degree at the University of Chicago and attained the dignity of a professorship of Philosophy prior to his stage and screen career; also being gifted with an unusual sense of humor—he is eminently qualified to make speeches and do the honors generally.

Sills was born in Chicago and spent eight years on the speaking stage, playing leads before he entered the film world. He has made pictures for Goldwyn, Selznick, Fox, World, Universal and Paramount, and First National, and has just signed a two-year contract with the latter firm after which he will turn to directing, for which he is well suited.

Some of the best known pictures in which he has played leads are "Lady of Quality," "Miss Lulu Bett," "Burning Sands," "Skin Deep," "Flaming Youth," "Isle of Lost Ships," "The Spoilers," "Single Wives," "The Sea Hawk," and "Madonna of the Streets."

Rupert Hughes, author and playwright, has been made an executive of the Metro-Goldwyn-Mayer studios where he has been a director for some time. He will now supervise several production units. "Excuse Me," his successful stage play, and "The Girl's Rebellion," a story published in the "Red Book," will be his first pictures.

Alma Rubens has been selected for the feminine lead in "Stairway of Hope," the first of "The Perfect 36," Universal Jewel productions to be made the coming year. "Stairway of Hope" is adapted from "Staircase," a magazine story by Charles B. Kellab. This is the first time Alma has appeared under the Universal banner. She will be co-featured with Percy Marmont.

Julanne Johnson, pretty princess in Doug Fairbank's "The Thief of Bagdad," is en route to Constantinople to make a picture. She neglected to write us the name of the picture, but said that a stop would be made at Malta to film certain scenes.

If you are a young giant of six feet or more you have a good chance of getting into the films as tall actors are very popular. No man under six feet one was considered for the queen's royal guard in "Forbidden

Paradise." Pola Negri's newest starring picture, "The Guard," includes 100 men. Rod LaRouque who plays opposite Pola, is six feet two.

Tall, rugged men were also given the preference in "North of 36," the Emerson Hough story that Irwin Willard is directing in Texas. Ernest Torrence, one of the chief layers, is six feet three inches and Jack Holt, who has the lead, is over six feet.

"The Monster," famous stage play in which first Emmet Corrigan and then Wilton Lackaye played the leading role, is to be screened by Roland West, producer of "The Unknown Purple," both for the stage and screen. Leta Stetter John will play the title role.

Born: Lestree Joy Gilbert; weight, eight pounds three ounces. Beatrice Joy and John Gilbert were divorced recently.

Rudolph Valentino has finished "The Sainted Devil" and his contract for Paramount and will shortly go to the west coast to work in United Studios in a film called "The Flame of Destiny" with Nita Naldi.

Shiro Nakagawa, Japanese motion picture director who is in this country to get ideas for use in his country, says that the prodigal expenditures on pictures here would wreck any Japanese company in a short time.

Sweet faced Lois Wilson, heroine of "The Covered Wagon," and various other fine pictures, is to wear men's clothes in "North of 36" which is being filmed.

While abroad on his mission of mercy to the children of the Near East Jackie Coogan will visit the scenes pictured in Dickens' "Oliver Twist," in England and Brussels where "Nello" had his adventure in "The Boy of Flanders." Many other places of interest are on Jackie's itinerary before he returns to his own United States.

On With the Dance

Miss Cothiel Berryessa is attracting considerable attention on the Pacific coast with a repertoire of classical dances. She is regarded as one of the most beautiful types of Spanish beauty. She really is of Spanish extraction.

Miss Berryessa is a pupil of Fanchon. She is shown with her pet parrot.

Nation Used Billion Quarts of Canned Milk in Past Year

CHICAGO—Consumption of a case every family in the United States—nearly ten quarts of milk for each man, woman and child—was the consumption record of this industry last year, according to figures given out by the statisticians of the Evaporated Milk Association.

"Twenty million cases, or 1,600,000,000 quarts of milk, seem a tremendous

total," said the head of the association's home economics department, yet considered against the annual consumption of milk in this country, it shows that selling milk from which the water has been evaporated is an industry still in its infancy.

French silk is becoming popular in this country and England, the two countries buying twice as much as last year.

The climate of India makes it necessary to supply artificial humidification in some mills of that country.

Newer Form of Iron is Red Blood Food

If your blood is thin, pale and watery, keeping you weak, nervous and run-down, you need red blood with plenty of iron in it to give you strength, energy and endurance. It is a short-cut way to get more iron in your blood. It is the iron in your blood that enables you to get the most out of your food. Without it, nothing you eat does you any good. Your food simply passes through you and your body is literally starving on three big meals a day.

This newer form of iron known as Nuxated Iron is like the iron in fresh vegetables and like the iron in your blood in concentrated form. It may be had from all druggists with a guarantee of entirely satisfactory results or your money back.

New Shampoo

Keeps Blonde Hair From Darkening

Brings Back Rich Golden Beauty To Darkened Blonde Hair

A new Swedish light hair shampoo has been perfected, which not only keeps blonde hair from darkening—but which actually brings back the true, rich golden beauty to even the most faded, drab and listless blonde hair. This new shampoo called Blondex, is a natural product and brings its results in a natural gradual way. Ordinary shampoos, often tend to make light hair appear dull, faded and unsatisfactory looking. But Blondex is a special shampoo for light hair only. Blonde hair is always attractive—but when it becomes uncertain in color, dirty-looking, faded, it is far from pleasing. So shampoo your hair this new way, and see how much prettier, lighter, softer it is after the very first shampoo. Blondex is highly beneficial to both hair and scalp. Contains no injurious dyes or chemicals. Highly recommended for children's hair. Get Blondex today for small cost, and on positive money back guarantee, from all dealers, such as Mathews Medicine Store, C. G. Anderson, Builders Pharmacy, Hudson Drug Co., J. C. Carabian, D. M. Ogilvie & Co., (Toilet Goods Dept.)

Dr. Edwards' Olive Tablets

Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 50c.

EXPLORER RAPS RULE OF WOMEN

"Petticoat Government" Is Blamed for Britain's Decline.

LONDON — The solid old British Empire is crumbling and woman is to blame, it may be believed the wall of Mitchell Hedges, noted explorer and research expert, who has launched an attack against "petticoat" government.

Singularly enough, Mitchell Hedges, who is now planning an expedition into British Honduras, has been assisted in many of his explorations by a woman—Lady Richmond Brown.

"One of the prime reasons for the bad trade conditions existing in this country is undoubtedly the loss of the pioneer spirit," declared Mitchell Hedges.

"It is to those fearless men who went out to unknown parts, faced immense difficulties, took big risks and triumphed that we owe the Empire our world-wide commerce and prestige that the country has throughout our colonies and foreign lands.

"But today the bacillus of inertia has crept into the system of Britons to such an extent that we are rapidly losing both our world-wide trade and our morale. There are three chief reasons for this state of affairs:

"Excessive taxation.

"Uncertainty of our political situation.

"The insidious way in which women are creeping into power.

"It is foolish not to face facts, and, as the history of the world shows, the day women are allowed to become equal with man marks the first stage of the degeneracy of a nation's manhood.

"The suggestion that women of 21 should have a vote is on the face of it ridiculous. There would then be the certainty, because of the preponderance numerically of women over man, of the female vote exceeding the male vote—petticoat government!

"Physically the average woman can never be equal to the average man, for the simple reason that from the Stone Age upward it has been man's great mission to protect the female and her children.

"The day this law of nature is reversed, the first step in the degeneracy of man. The history of the primitive tribes is an evidence of the fact.

"In the case of the Roman Empire, one of the chief reasons for its fall was the worship of women, with its attendant indulgence in luxury and ease.

"Automatically, as the female rises to a dominating position over the male, effeminacy rapidly spreads among the manhood of a nation.

"It is necessary today that the manhood of this country should assert itself in a rigorous manner. The suggestion of a petticoat government is sickening to a degree."

Real suds

It's wonderful how quick the suds bubble up from Cosline even in the hardest water or salt water—how they bubble through the clothes, melt the dirt and chase it out. Just as good for pots and pans and every job of cleaning round the house. Yet easy on hands, silks and fine fabrics.

*Judith of Blue
Lake Ranch*

By JACKSON GREGORY.

CHAPTER TEN—Continued.

The only fly in Marcia's ointment was Hampton himself. She confessed as much to Judith. She liked him, oh, ever so much! But was that love? She yearned for a man who would thrill her through and through, and Hampton didn't always do that. Just after his heroic capture of the terrible Sharty, Marcia was thrilled to her heart's content. But there were other days when Hampton was just Pollock Hampton. If it could only be arranged so that she could stay on and on, with no day of reckoning to come, no matrimonial ventures on the horizon.

"That's simple, my dear," Judith smiled at her. "When you get through being Pollock Hampton's guest, you can be mine for a while."

Hampton was now a great puzzle to Mrs. Langworthy, and even an object of her secret displeasure. Not that displeasure ever went to the limit of changing Mrs. Langworthy's plans. But she longed for the right to talk to him as a mother should. For, seeking to emulate those whom he so unstintingly admired, Bud Lee and Carson and the rest of the hard-handed, quickeyed men in the service of the ranch. Hampton was no longer the careless, frankly inefficient youth who had escorted his guests here. He went for days at a time unshaven, having other matters to think of; he came to the table bringing with him the aroma of the stables. He also wore a pair of trousers as cylindrical in the leg as a stovepipe; over them he wore a pair of cheap blue overalls, with the proper six-inch turn-up at the bottom to show the stovepipe trousers underneath. The overalls got soiled, then dirty, then disgracefully blotched with wagon grease and picturesque stains, and Hampton made no apologies for them.

Twice he left the ranch, once to be gone overnight, intending that it should be a mystery where he went. But, since he rode the north trail which led to the Western Lumber camp, no one doubted that he had gone to see Bayne Trevors, in whom he still stoutly believed.

Between the 15th and the memorable 30th of June, Bud Lee saw little of Judith Sanford. She was here, there, everywhere; busy, preoccupied. Marcia he talked with twice; once when they rode together while Hampton, racing recklessly down a rocky slope for a shot at a deer got a fall, a sore shoulder and made his debut in certain new swear words; once when all of the guests, with the exception of Farris, who was painting the portrait of the stallion, Nightshade, and the major, who had "letters to write," came out to watch the horse-breaking. This time, introduced to Mrs. Langworthy, Lee got for his bow a remarkably cold stare. Others might forget, here in the open, the distinction between people of the better class and their servants—not Mrs. Langworthy, if you please.

Having created his imaginary woman, Lee was ripe to fall in love with her when she came. He had thrilled to the touch of Judith's hand that night in the cabin; his thoughts, many and many a day, centered about the superbly alive beauty that was Judith's. ^{the} fact disturbed him vaguely. The thought that he was very deeply interested in her in the good old way between man and maid, never entered his stubborn head. She was as far removed from his ideal woman as the furthest star in the infinite firmament. Perhaps it was this very disquiet within him, caused by Judith, which now turned his thoughts to Marcia.

"That's the sort of woman," he told himself stoutly. "A man's woman; his other self, not just a partner; the necessary other side of him, not just the same side in a different way."

Marcia had little, feminine ways of helplessness which turned flatteringly to the strength of the other sex. Judith asked no man to aid her in mounting her horse; Marcia coquettishly slipped a dainty slipped foot into a man's palm, rising because of his strength.

Now, when his thoughts went to Judith, Bud Lee turned them dexterously to Marcia, making his comparisons, shaping them to fit into his pet theory. When, days passing, he did not see Judith, he told himself that he was going to miss Marcia when she left. When one day he came unexpectedly upon Judith and with lips and eyes she flashed her ready smile at him, he felt that odd stir in his blood. What a pity that a girl like her, who might have been anything, elected to do a man's work!

When, again unexpectedly, he came another day upon Marcia riding with Hampton, there was no quick stirring of the pulses, and he contented himself with the thought: "Now, that is the sort of woman. A man's woman! His other self . . ." and so on.

When Judith planned a little party to mark the departure of Marcia on the 30th of June—it wasn't definitely decided that the Langworthys were leaving then, but at least Farris and Rogers were—the reasons actuating her were rather more complex than Judith herself fully realized or would have admitted. She liked Marcia; she wanted to do at least this much for her. Living room, dining room, music room, library—they would all be cleared of the larger pieces of furniture, the double-doors thrown open. The string band from Rocky Bend would come. Judith would send out invitations to the nicer people there and to the ranches hereabout. She would have a barbecue, there would be races and the usual holiday games, then the dance. Marcia would know nothing of it until the last day, when her eager enthusiasm would send her a-flutter to her dressing room.

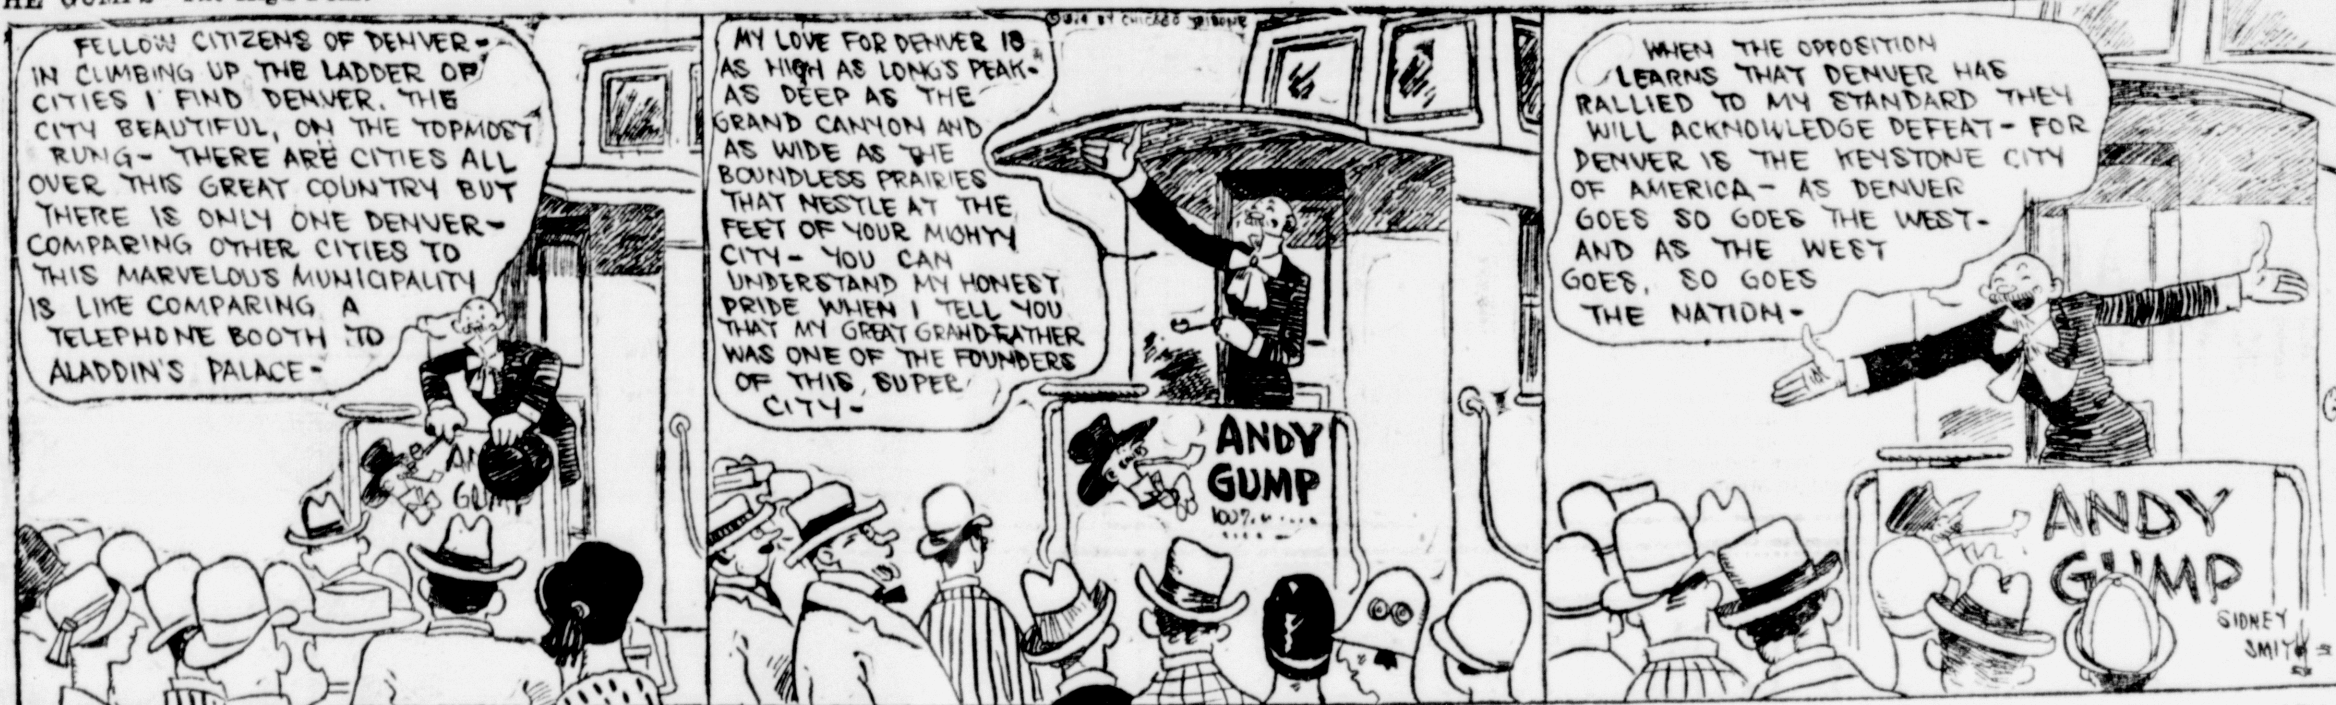

Unanalyzed, it was simplicity itself, this giving a farewell party to Marcia. Under analysis, it was a different matter. The boys at the ranch would be invited, and of course most of them would come. But Lee would come. Judith would see to that, even if he should hesitate.

But Lee had always been so self-possessed, had so coolly found her lacking, that, piqued a little, Judith longed for the opportunity to place him in an atmosphere where a little of his calm self-possession might be snatched from him. If she could embarrass him, if she could see the red rise under his tanned skin, she would be giving Mr. Lee a lesson good for his soul.

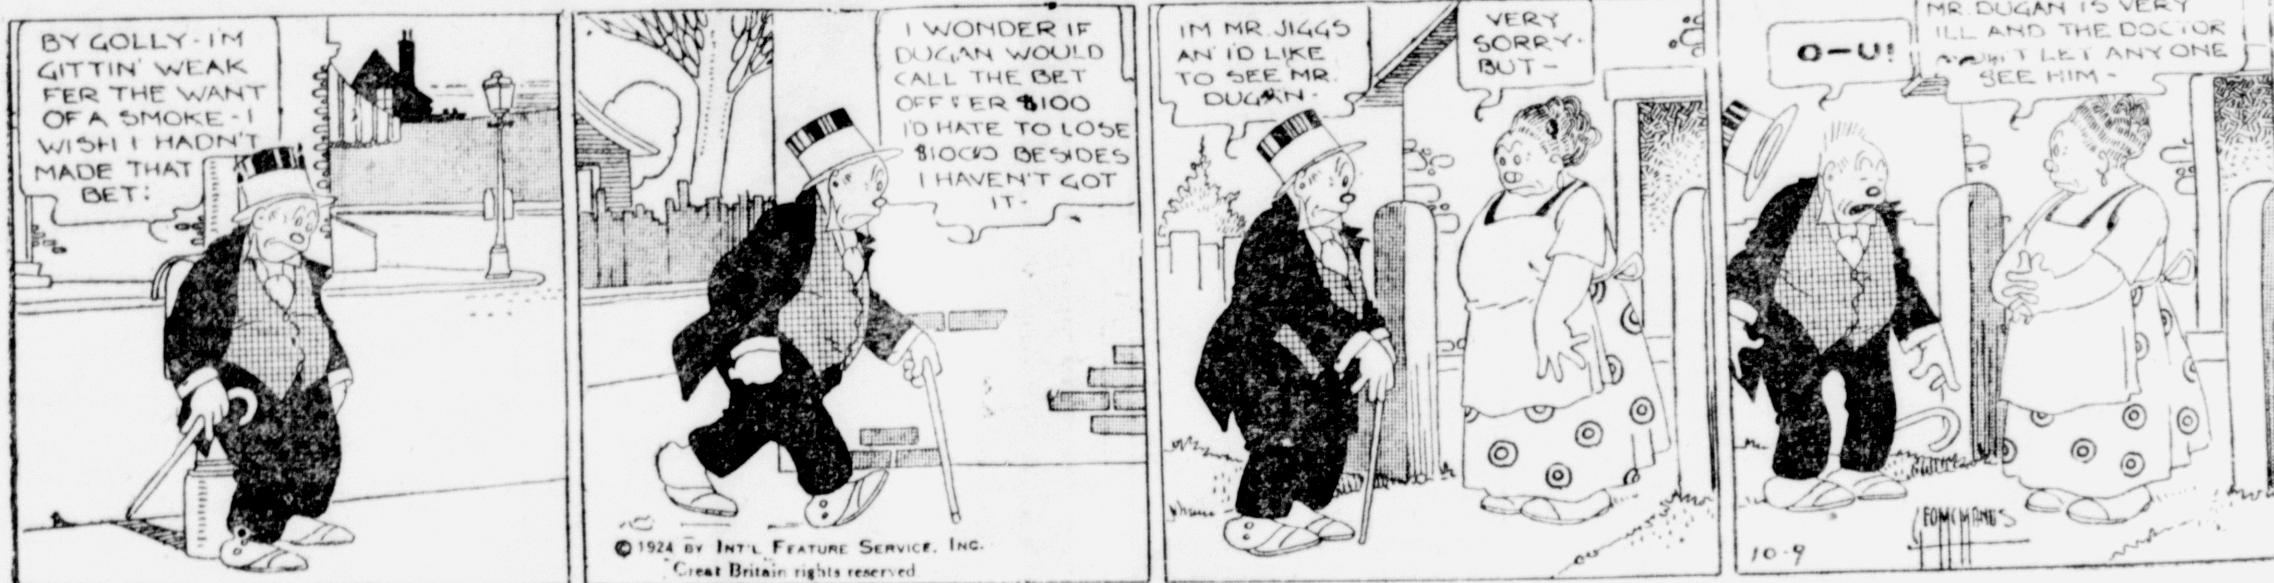

"I've got powerful little use for an affair like that," said Lee coolly, when she told him. "Thank you, Miss Sanford, but I don't think I'll come."

POLICE FATHER
WEIRTON BOY

Pittsburgh "Coppers" Seek Home for Joseph Ludor, 15.

Police men aren't such heartless fellows after all, according to Joseph Ludor, 15-year old Weirton boy who is being provided for by Pittsburgh "coppers" while efforts are being made to find him a permanent home. Joe wandered into Pittsburgh Monday night, tired, broke and friendless. He found his way to the Penn avenue police station where he told his story. His parents died when he was three years old and since then he has been going about the country trying to make a living. He walked to Pittsburgh from Weirton.

Mounted Policeman James A. Gallagher of 219 West Park Way, father of six children, has provided Ludor with a temporary home.

Officers at the police station subscribed to an emergency fund after the Weirton boy told his tale of hard luck.

CLASSES START
IN CHURCH HERE

Classes were started Thursday morning in the new school room in the Newell Church of the Nazarene building in Third street.

Forty-eight new seats and desks arrived here Tuesday and a portion of these were set up in the church structure. About half the fourth grade, which is the largest individual class in the Newell school, has been quartered in the church.

Fourth grade pupils residing above Third street are now being sent to the new room. Several new desks and seats will be installed in both the Allison and Grandview buildings where the enrollment is greater than the seating capacity.

Wells Speaks in Wheeling.

W. E. Wells, Sr., of Newell, head of the Homer Laughlin China company, was the principal speaker at a Republican rally held Wednesday night in Wheeling.

The meeting was held in the Republican headquarters in Market street, and was attended by a large crowd of Ohio county residents.

Rebekah Lodge Meeting.

The semi-monthly meeting of Pride of Newell lodge, Daughters of Rebekah, will be held at 7:30 o'clock

Thursday evening in the Odd Fellows' hall in the Aaron building.

Grandview School Social.

A box social will be held Thursday evening at the Grandview school in Grant district, near Chester. Proceeds will be used to purchase supplies for the school.

Hurt in Auto Crashes.

ELYRIA—James LeRoy, Cleveland, sustained a broken shoulder and his wife was badly bruised when the coupe in which they were riding overturned when sideswiped by another auto near Amherst. Emil Hlad and Charles Unger, both of Cleveland, were cut and bruised when they were run down at Ridgeville, while repairing a tire, by an auto driven, it is claimed, by John Brandt, Elyria. They were brought to Memorial hospital.

Pyramid Rids
You of Piles

A box or two of Pyramid Pile Suppositories has enabled so many others to recover, many saved from operations. It is needless for you to suffer the pain, strain, soreness, itching and bleeding of protruding piles. Step into any drug store and get a 60-cent box today. Relief is sure.

Puny Babies Can Grow
to sturdy children

Note which foods best agree. Be quick to stop constipation with Dr. Caldwell's Syrup Pepsin

PARENTS need not despair because a baby is frail. Progress often rests upon the most trifling change in or addition to the diet.

Watch diet, digestion and elimination. There should be two or three stools a day, and as solid food is eaten, one or two. If there are less, and there is belching, wind, bad breath, symptoms that indicate constipation, give half a teaspoonful of Dr. Caldwell's Syrup Pepsin, and by morning you will have a healthy youngster again.

Not all laxatives, however, are suited to young children, as many contain opiates and narcotics. Syrup Pepsin is entirely free from them, and is a simple vegetable compound of Egyptian senna with pepsin and pleasant-tasting aromatics. The formula is on every package.

Experienced mothers like Mrs. T. Breeman, 65 Lewis St., Paterson, N. J., and Mrs. Walter Morris, Shively, Ky., have discarded all other laxative medicines for Dr. Caldwell's Syrup Pepsin. They find that this mild, gentle laxative answers every purpose and is a great improvement over the old-style harsh cathartic pill and calomel, which children hate to take.

Buy a bottle of Syrup Pepsin at a drug store, the cost being less than a cent a dose, and if it does not come up to these claims your money will be refunded.

Free Sample Bottle Coupon

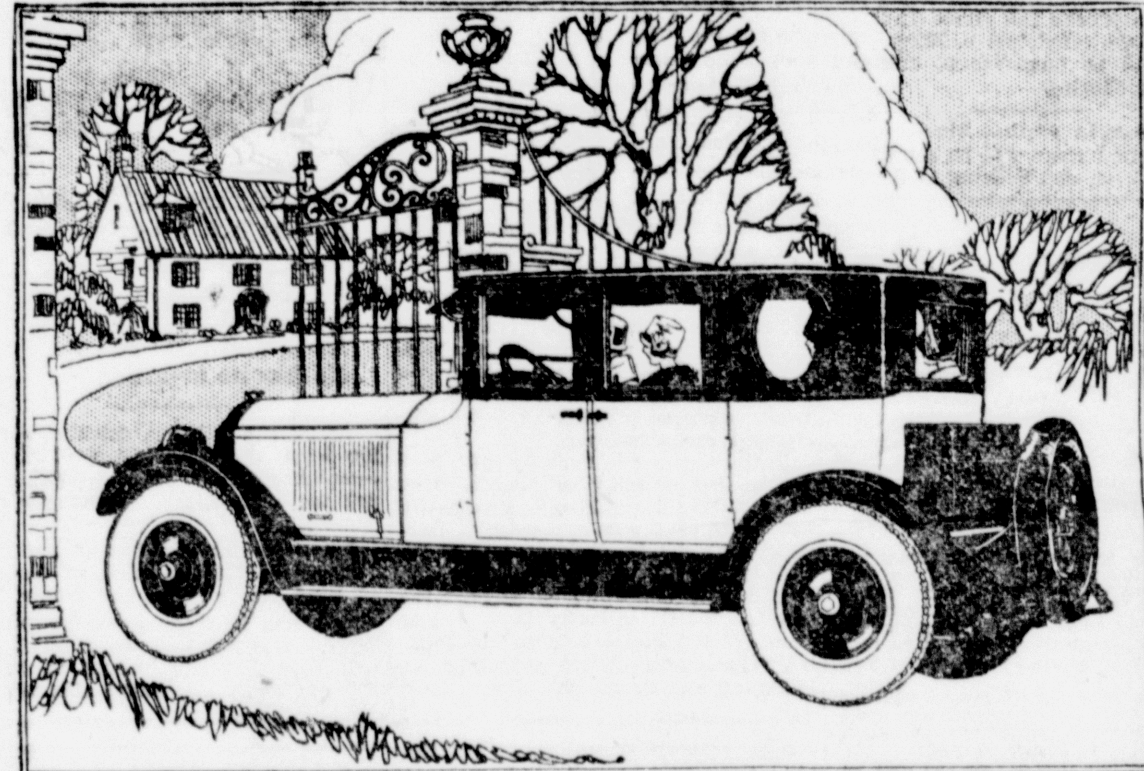

There are people who very rightly prefer to try a thing before they buy it. Let them clip this coupon, pin their name and address to it, and send it to the Syrup Pepsin Co., 518 Washington Street, Monticello, Illinois, and a free sample bottle of Dr. Caldwell's Syrup Pepsin will be sent them postpaid by mail. Do not inclose postage. It is free.

**DR. CALDWELL'S
SYRUP PEPSIN**
The Family Laxative

A laxative like Dr. Caldwell's Syrup Pepsin can be used by all members of the family, for it is safe and yet effective. It has been successfully sold for over thirty years and is today the most widely used general laxative in the world, over 10 million bottles being bought by the public annually.

Use it for constipation, biliousness, dyspepsia, flatulence, indigestion, headache, fevers and colds, and all other disorders associated with imperfect or infrequent passage. Many people use it regularly once a week as a mild flushing of the bowels, and in that way escape the dangers of constipation altogether. Just a spoonful now and then is a wonderful stabilizer of health.

Road Levy Plan Rejected.

BUCYRUS.—The Crawford county commissioners, by a vote of two to one, decided to refrain from bringing before the voters at the November election, the renewal of the two mill levy for good roads, which has been in force for five years and which has annually produced about \$140,000 for the improvement of the county's roads. The action was taken to permit the City of Bucyrus and the Village of Crestline and New Washington an opportunity to vote on a similar levy in the November election to assist in reducing the city and village debts.

Do Your Friends Say These Things About You ?

No confidence in himself.
He has lost his grip.
He is getting old.
He is all in.
He is timid.
He is dull headed.
He has no ambition.

you can in 21 days restore Confidence in yourself, take on strength, have more power and endurance and best of all—ambition.

If you lack ambition, there's a reason—something is wrong with your body or mind—perhaps with both.

But don't lose your courage. Go today to J. D. Holloway, Carnahan's Pharmacy or any good druggist and get a package of 72 Lifetone Tablets, take 8 a day as directed for 21 days and then if you don't have more endurance, strength, energy, nerve force and are not chock full of Ambition—get your money back.

Weak, nervous, underweight, backward men and women need Lifetone Tablets. They bring to you a feeling of sureness and confidence—they make you look, feel and act younger. They make you ambitious.

Ambition? What a mighty word—for despite what people may tell you—ambition means success—without it you are doomed to a commonplace existence.

For Ambition—an honest ambition—brings confidence, stamina, keenness of mind, nerve force and power.

You may be weak in body; dull in mind; backward in action; but if you still have enough energy to bestir yourself today and follow this advice,

ROBERT RIDDLE DIES IN FALL

Worker is Killed When he Slips on Concrete Floor.

Robert Riddle, aged 75 years, and who for the last year or so has been residing in Alliance, was killed Thursday morning by slipping on the floor of the plant of the Supreme Dairy Co., at Alliance, and striking the back of his head on the concrete floor.

The funeral will be held Saturday afternoon at 1:30 o'clock, in the Presbyterian church at Minerva, the Rev. J. L. Tait of Alliance having charge.

Mr. Riddle was for many years a resident of Columbiana county, making his home near East Rochester. He was active in the work of the Republican party, and has served as a juror at Lisbon upon numerous occasions. Two daughters, Mrs. Thomas Whitaker and Mrs. Harry Elton, reside at East Rochester.

Mr. Riddle was employed by the company for over a year.

Work Being Speeded On Reappraisal To Frame Duplicate

Closing detail work connected with the reappraisal of lands and buildings in this county will be finished within the next two weeks, County Auditor Charles E. Hamilton has announced. This includes also the reappraisal of public utilities and also manufacturing plants.

As soon as this work is finished, and the record approved by the state tax commission, work will begin on the December duplicate, which work this year is later than ever before. The duplicates that will be available for those centers where taxes are collected locally will be made from the original or "master" duplicate.

It is very likely that when December taxes are collected, charges will be found against properties that have not been listed for taxation during the last five years. Many such properties were "located" by the checkers employed during the early part of the reappraisal work, and some owners have already been notified of the charges against them for these back payments.

AMERICAN LEGION BUYS PROPERTY

American Legion post No. 4 of East Lisbon, has purchased a parcel of land at Seventh street and Dresden avenue, East Lisbon, from the East Lisbon City Ice company, the deed having been made to W. S. Foults and others as trustees. The property sold for \$9,000, and it is said the purchasing interest proposes to improve the site at a future date.

JURY'S VERDICT FOR DEFENDANT

Rev. Coleman, indicted by the last grand jury for the theft of a motor truck from the Buckeye Lumber Co. of East Lisbon, was acquitted by a jury in common pleas court shortly after five o'clock Wednesday night.

George Fowler indicted on a similar charge, has pleaded guilty to the indictment, but he has not been sentenced.

Fowler, who is now in the county jail, was the author of a statement in which he declared that Coleman did not steal the truck, and this was witnessed by several prisoners. This statement was offered in court.

Report is current that the jury stood 9 to 3 for acquittal on the first ballot. It was locked in the jury room less than 30 minutes.

Close Citizenship Record.

No more declarations of intent to become citizens of the United States will be accepted for entry upon court records until after the November election, it has been announced. The last declaration was made a matter of record in September. It has been customary to close ten record 30 days or more before every state and national election.

Wife Asks Divorce.

Accusing her husband with gross neglect of duty, extreme cruelty and with failure to furnish her with necessities and a suitable home, Henrietta Crawford, by Lawrence Duck, her next friend, has filed an action for divorce against her husband, Walter Crawford. The petition has been filed in common pleas court by Attorney Frank Goshans of East Liverpool, and relates that Crawford was found guilty of violation of the liquor laws in the court of Mayor Charles Brown of East Liverpool.

Quarryman's Nose Broken.

While at work at the Smallwood quarries, west of Lisbon, James S. Wilson was severely injured about the face by being struck in the face and on the nose by a flying chain. He was removed to his home on South Market street, Lisbon, and was attended by Dr. Seward Harris. His nose was broken by the force of the chain striking his face.

Grange Gives Dinner.

A large crowd attended the chicken dinner given Wednesday evening in the Elkan grange hall by the women of the grange. The ladies degree team of this grange will exemplify the third and fourth degrees at a regular meeting of the grange at Elkan Saturday night, and other granges have been invited to this session.

Unable To Identify Man.

An unusual case is now being investigated by Sheriff Gomer Lewis, and has to do with the identification of a stranger he and Deputy Sheriff David Ellis went to North Georgetown to arrest.

It has been impossible to learn the name of the man. He is unkempt. Recently several barns in the vicinity of Georgetown have been burned. The prisoner, it is believed, may know something about these losses.

Plan Reception.

The young people of the Lisbon Methodist Episcopal church have arranged a reception for the Rev. and Mrs. W. E. Tilton in the parlors of the church Friday evening. Mr. Tilton has been returned to Lisbon as pastor of this church for the second year. Before being assigned to the Lisbon charge, he was pastor of the Methodist Episcopal church at Crooksville.

Women To Organize.

Republican women of Lisbon are planning an organization meeting to be held in common pleas court No. 1 next Monday night. Mrs. Jennie McMillan will preside. Republican women in all villages and cities in the county are now organizing for the November election, but organizations in East Palestine, Salem, East Liverpool, Wellsville and Salineville have been perfected for some weeks.

HEADACHE

Hurry! Get a 10c package of Dr. James Headache Powders

Two minutes! Headache gone! Distress and pain from any headache fade away, your head clears and you are again ready for work or play.

Druggists sell millions of Dr. James Headache Powders because they are safe.

Clogged-Up Liver Causes Headache.

It's foolish to suffer from constipation, sick headache, biliousness, dizziness, indigestion, and kindred ailments when Carter's Little Liver Pills will end all misery in a few hours. Purely vegetable. Act gently on liver and bowels. Small! Pill! Small Dose! Small Price.

Dr. James H. Allen, of 23 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiment, and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers.

The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Jesse D. Holway and Carnahan's Drug Stores, who have been appointed agents in your city. It is Mr. Allen's own discovery.

Are You Wornout, Tired and Listless?

Take "DRECO"

famous plant and herb remedy

Dreco physies the blood, tones up the stomach, liver, kidneys and bowels and revitalizes the entire system. Hundreds in this section praise Dreco and call it the perfect Summertime Tonic. All good drug stores sell Dreco.

LOCAL FARMER SAYS BACKACHE WAS NO JOKE

Forced To Bend Over Hundreds of Times a Day He Was in Misery Till "VENDOL" Brought Relief from That And Other Troubles.

"You bet I'll give you a testimonial for Vendol," enthusiastically stated Mr. J. W. Crawford, a well-known farmer living on R. D. No. 1, East Liverpool, Ohio, when asked by the Vendol specialist at Mathew's Medicine Store if he'd allow his experience to be published.

"I was so nervous and restless I could never get a good night's sleep. My stomach was all out of sorts too and so were my kidneys. The kidney trouble brought on backache and as I'm a farmer and have to bend over hundreds of times a day I was certainly in misery."

"Vendol fixed me up though and I got a good night's sleep the second day I was taking it. Now my stomach is in good shape too and the backache and kidney trouble has disappeared entirely. Believe me, Vendol is some medicine."

While Mr. Crawford was surprised at Vendol's prompt action it was an old story to the Vendol specialist for he's heard thousands of people praise it for relieving such ailments as indigestion, constipation, nausea, headaches, impure blood and the many other symptoms of a wornout, weakened system.

The Vendol specialist at Mathew's Medicine Store says: "No one should confuse Vendol with any other medicine they have taken for this reason. Vendol will prove different. I want every one to call on me and hear the merits of this great remedy."

HIS MISERY ENDED USING KA-DI-OK

Mansfield, Ohio, Butcher Finally Gets Relief From Two Years of Stomach Suffering.

MR. JACOB SCHAKMAN.

Had Jacob Schakman, well known butcher in Mansfield, Ohio, known of Ka-di-ok sooner, he might have avoided the two years of misery he endured.

He was troubled with gas on the stomach and had taken everything he ever heard of for two years, but without obtaining relief. Then one day he saw a Ka-di-ok advertisement in a drug store window and bought three bottles. From that day on he was a different man.

"If it wasn't for Ka-di-ok I believe I would have died in a short time. It

ROBERT RIDDLE DIES IN FALL

Worker is Killed When he Slips on Concrete Floor.

Robert Riddle, aged 75 years, and who for the last year or so has been residing in Alliance, was killed Thursday morning by slipping on the floor of the plant of the Supreme Dairy Co., at Alliance, and striking the back of his head on the concrete floor.

The funeral will be held Saturday afternoon at 1:30 o'clock, in the Presbyterian church at Minerva, the Rev. J. L. Tait of Alliance having charge.

Mr. Riddle was for many years a resident of Columbiana county, making his home near East Rochester. He was active in the work of the Republican party, and has served as a juror at Lisbon upon numerous occasions. Two daughters, Mrs. Thomas Whitaker and Mrs. Harry Elton, reside at East Rochester.

Mr. Riddle was employed by the company for over a year.

PETERSBURG ROAD NOT FINISHED

A false report was handed the county commissioners this week, when the board was informed that grading on the Unity-Petersburg road had been finished and was ready for inspection.

The board took the report at its face value and went to the operation, but found that the job was not nearly finished and that it would not be for months to come. It is this road that the commissioners offered to put \$1,400 additional money on in order to obtain a concrete surfaced road, but the state highway department insisted that the surface be one of macadam.

CO-OPERATE IN ERECTING SIGNS

The Lisbon council and the Lisbon Kiwanis club will co-operate in placing street signs at all street intersections and also in the numbering of houses, preliminary to the establishing of free mail delivery. The subject was discussed at a meeting of the Lisbon council, when it was proposed to purchase house numbers in sufficient volume to number every house within the corporate limits, and then sell these numbers to property owners at cost.

By this system all numbers would be uniform, and the houses would be numbered at the same time.

Numbering of houses and the erection of street signs are necessary before free delivery can be authorized.

"If it wasn't for Ka-di-ok I believe I would have died in a short time. It has saved my life," Schakman told a representative of the Ka-di-ok Labor stories recently. "I want my own experience to be of benefit to others so that they will not suffer needlessly when relief can be had wherever your remedy is sold."

It is truly amazing what Ka-di-ok has done for thousands of people afflicted with any one of the many ailments caused by deranged stomach, kidneys, liver or bowels. Buy a bottle today if you suffer from the following: Indigestion, gas or bloating, nervousness, weakness, rheumatism, poor blood, lost weight or appetite or a general run-down condition.

Ka-di-ok can be obtained in East Liverpool at the Mathews' Cut Rate Medicine Store, 129 West 6th street.—adv.

Work Being Speeded On Reappraisal To Frame Duplicate

Closing detail work connected with the reappraisal of lands and buildings in this county will be finished within the next two weeks, County Auditor Charles E. Hamilton has announced. This includes also the reappraisal of public utilities and also manufacturing plants.

As soon as this work is finished, and the record approved by the state tax commission, work will begin on the December duplicate, which work this year is later than ever before. The duplicates that will be available for those centers where taxes are collected locally will be made from the original or "master" duplicate.

It is very likely that when December taxes are collected, charges will be found against properties that have not been listed for taxation during the last five years. Many such properties were "located" by the checkers employed during the early part of the reappraisal work, and some owners have already been notified of the charges against them for these back payments.

AMERICAN LEGION BUYS PROPERTY

American Legion post No. 4 of East Liverpool, has purchased a parcel of land at Seventh street and Dresden avenue, East Liverpool, from the East Liverpool City Ice company, the deed having been notified to W. S. Foults and others as trustees. The property sold for \$9,000, and it is said the purchasing interest proposes to improve the site at a future date.

JURY'S VERDICT FOR DEFENDANT

Rev. Coleman, indicted by the last grand jury for the theft of a motor truck from the Buckeye Lumber Co. of East Liverpool, was acquitted by a jury in common pleas court shortly after five o'clock Wednesday night.

George Fowler indicted on a similar charge, has pleaded guilty to the indictment, but he has not been sentenced.

Fowler, who is now in the county jail, was the author of a statement in which he declared that Coleman did not steal the truck, and this was witnessed by several prisoners. This statement was offered in court.

Report is current that the jury stood 9 to 3 for acquittal on the first ballot. It was locked in the jury room less than 30 minutes.

Close Citizenship Record.

No more declarations of intent to become citizens of the United States will be accepted for entry upon court records until after the November election, it has been announced. The last declaration was made a matter of record in September. It has been customary to close the record 30 days or more before every state and national election.

HEADACHE

Hurry! Get a 10c package of Dr. James Headache Powders

Two minutes! Headache gone! Dizziness and pain from any headache fade away, your head clears and you are again ready for work or play.

Druggists sell millions of "Dr. James Headache Powders" because they are safe.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Vendol, to others who took it, with what might be called marvelous success. After years of using he decided to let sufferers everywhere know about his discovery through the newspapers.

The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Dr. D. Hollister and Carraban's "End of the discovery will prove different. I want every one to call on me and hear the merits of this great remedy."

The Vendol specialist at Mathews' Medicine Store says: "No one should confuse Vendol with any other medicine. They have taken for this new tonic discovery will prove different. I want every one to call on me and hear the merits of this great remedy."

"You bet I'll give you a testimonial for Vendol," enthusiastically stated Mr. J. W. Crawford, a well-known farmer living on R. D. No. 1, East Liverpool, Ohio, when asked by the Vendol specialist at Mathews' Medicine Store if he'd allow his experience to be published.

"I was so nervous and restless I could never get a good night's sleep. My stomach was all out of sorts too and so were my kidneys. The kidney trouble brought on backache and as I'm a farmer and have to bend over hundreds of times a day I was certain in misery."

"Vendol fixed me up though and I got a good night's sleep the second day I was taking it. Now my stomach is in good shape too and the backache and kidney trouble has disappeared entirely. Believe me, Vendol is some medicine."

While Mr. Crawford was surprised at Vendol's prompt action it was an old story to the Vendol specialist for he's heard thousands of people praise it for relieving such ailments as indigestion, constipation, nausea, headaches, impure blood and the many other symptoms of a worn-out, weakened system.

Answers to Questions

By FREDERICK J. HASKIN.

Q. Is it true that a vessel of water will weigh the same when a live fish is swimming around in it as it weighed before the fish was placed in it?—M. D. D.

A. If a live fish is placed in a bucket of water weighing a certain amount, the weight of the whole will be increased by the weight of the fish. If the vessel is very full of water, some of the water may be displaced, and this would have to be taken into account.

Q. How is canvas prepared for artists' use?—J. D. W.

A. To prepare canvass for painting nail the canvass on a stretching frame, and give it a coat of thin glue size. When this is dry apply paint of the desired tint with a palette knife. The paint should have about the consistency of that sold in artists' tubes.

Q. Is the title rabban the same as rabbi?—O. D. I.

A. Rabban, meaning "lord," is a title of honor of greater dignity than rabbi. It was given by the Jews to patriarchs or president of the Sanhedrin. Rabbin, meaning "master" was a title of respect given to Jewish doctors of expounders of the law?

Q. I have been told that snakes commit suicide. Could this be true?—P. R. N.

A. The Biological Survey says that rattlesnakes are susceptible to their own poison and may cause death by biting themselves. Snakes are not likely to bite themselves except when severely injured or infuriated and unable to wreck vengeance on their tormentors.

Q. What is the difference between the membership of a State bank and a national bank in the Federal Reserve?—W. T. D.

A. The membership of a State bank is voluntary and one from which it can, at pleasure, withdraw. The membership of a national bank is compulsory. If a State bank desires to withdraw from the System it has simply to send formal notice to the Federal Reserve board and proceed independently. The only way the interest controlling a national bank can be withdrawn from the System is by the bank going out of business as a national bank.

Q. What is the meaning of the word chevon?—T. N. D.

A. Goat raisers of the southwest have adopted the use of this word to designate goat meat, just as pork signifies meat from the hog, and beef is the meat of the cow. The word chevon was made by combining parts of the two French words, "chevre" meaning goat and "mouton" meaning mutton.

Q. In my stamp album there is a white line drawn through the pictures of stamps. What is the reason for this?—M. R.

A. The law requires that pictures of all postage stamps have a line drawn through them to prevent counterfeiting.

Q. Where was the word "Gentile" first used?—T. T. D.

A. Isaac Landman, writing on the subject "We Jews" says that the

term "Gentile" was first used in the Vulgate edition of the Bible to translate the Hebrew word "Goyim."

Q. Why is it that in cities where soil coal is burned and there is much coal dust in the air, all trees suffer, and evergreen trees in particular find it very difficult to live?—A. S. G.

A. The Department of Agriculture says soft coal deposits a coating of carbon and coal ash upon the leaves of trees which interferes with natural functioning of the breathing pores of leaves. Smooth-leaved trees, such as evergreens suffer most because of the deposit that lies in close contact with the leaf surface. The hairy or woolly leaf-coverings of some other trees prevent the forming of a compact coating over the leaf surfaces. Such trees endure a smoky atmosphere much longer.

Q. Who were the Kaw Indians?—T. B.

A. The Kaw Indians of Kansas Indians were a Siouan Tribe speaking a dialect of the Osage language. They formerly lived in several villages on the lower Kansas River and were estimated about a century ago to number 1300. In 1845 they were removed to a reservation west of the Osage in the present Oklahoma. At present the tribe is nearly extinct.

Q. Where are the Laramie Mountains?—A. M. E.

A. The Laramie Mountains are a range of the Rocky Mountains in southeastern direction across Albany and Laramie counties, being cut by the Laramie River. The range is mostly a broad lapland from 7,000 to 8,000 ft. elevation with no outstanding summits.

Q. What is meant by "Yanké Rails"?—G. M.

A. The general foreign—particularly London—name for United States railway shares. As a rule, however, the railway shares referred to are

those traded in upon the New York Stock Exchange.

And the greatest water hazard on the whole bloomers' course, is the shallow, surface well.

GETTING UP NIGHTS

Tells you there is danger ahead. A healthy bladder does not act at night. J. H. Burton, W. Graham, Va., says: "I had to get up seven or eight times at night for forty years. I thought it was my age. After taking Lithiated Buchu a short time, I was alright." Lithiated Buchu cleanses the bladder as Epsom Salts do the bowels, thereby relieving irritation, driving out foreign matter and neutralizing excessive acids. These are the causes of unnatural action of the bladder at night. Lithiated Buchu (Keller Formula) is not a cheap medicine. The tablets cost 2 cents each. Sold at all leading drug stores or Keller Laboratory, Mechanicsburg, Ohio. Locally at J. D. Holloway's.

Answers to Questions

By FREDERICK J. HASKIN.

Q. Is it true that a vessel of water will weigh the same when a live fish is swimming around in it as it weighed before the fish was placed in it?—M. D. D.

A. If a live fish is placed in a bucket of water weighing a certain amount, the weight of the whole will be increased by the weight of the fish. If the vessel is very full of water, some of the water may be displaced, and this would have to be taken into account.

at Flagstaff, Arizona, or it is a government institution?—D. L. C.

A. The Lowell Observatory is a private institution established by the late Professor Percival Lowell. By the terms of his will the observatory is maintained from a fund amounting to one-tenth of the income of his total estate of a million dollars.

Q. How many spit ball pitchers were in the service when the baseball rules were amended so as to do away with spit ball pitchers?—H. M. S.

A. Seventeen pitchers were put on the exempt list. Those who were allowed to continue the use of spitball were: Doak, St. Louis Nationals; Douglas, New York Nationals; Fillmore, Boston Nationals; Fisher, Cincinnati; Goodwin, St. Louis Nationals; Ayres, Washington; Caldwell, New York American; Coveleskie, Cleveland; Faber, Chicago American; Leonard, Boston American; Quinn, New York American; Russell, Boston

Q. How many men in the United States have an annual income of \$1,000,000 or more?—L. S.

A. Personal tax returns for 1922 showed 67 persons reported income in excess of a million dollars, as compared with 21 persons for 1921.

Q. How is canvas prepared for artists' use?—J. D. W.

A. To prepare canvas for painting, nail the canvas on a stretching frame, and give it a coat of thin glue size. When this is dry apply paint of the desired tint with a palette knife. The paint should have about the consistency of that sold in artists' tubes.

Q. Is the title rabban the same as rabbi?—O. D. I.

A. Rabban, meaning "lord," is a title of honor of greater dignity than rabbi. It was given by the Jews to patriarchs or president of the Sanhedrin. Rabbi, meaning "master" was a title of respect given to Jewish doctors of expounders of the law?

Q. I have been told that snakes commit suicide. Could this be true?—P. R. N.

A. The Biological Survey says that rattlesnakes are susceptible to their own poison and may cause death by biting themselves. Snakes are not likely to bite themselves except when severely injured or infuriated and unable to wreak vengeance on their tormentors.

Q. What is the difference between the membership of a State bank and a national bank in the Federal Reserve?—W. T. D.

A. The membership of a State bank is voluntary and one from which it can, at pleasure, withdraw. The membership of a national bank is compulsory. If a State bank desires to withdraw from the System it has simply to send formal notice to the Federal Reserve board and proceed independently. The only way the interest controlling a national bank can be withdrawn from the System is by the bank going out of business as a national bank.

Q. What is the meaning of the word chevon?—T. N. D.

A. Goat raisers of the southwest have adopted the use of this word to designate goat meat, just as pork signifies meat from the hog, and beef is the meat of the cow. The word chevon was made by combining parts of the two French words, "chevre" meaning goat and "mouton" meaning mutton.

Q. Which was the first club to win a National League championship?—D. T. O.

A. Chicago won the first National League championship in 1875. They won 52 and lost 14 games, ending with a percentage of 78.8.

Q. Where are weather forecast centers located?—N. S. G.

A. Forecast centers have been established at Chicago, Ill.; New Orleans, La.; Denver, Colo.; and San Francisco, Cal., at which both morning and evening forecasts are prepared.

Q. In my stamp album there is a white line drawn through the pictures of stamps. What is the reason for this?—M. R.

A. The law requires that pictures of all postage stamps have a line drawn through them to prevent counterfeiting.

Q. Where was the word "Gentile" first used?—T. T. D.

A. Isaac Landman, writing on the subject "We Jews" says that the

term "Gentile" was first used in the Vulgate edition of the Bible to translate the Hebrew word "Goyim."

Q. Why is it that in cities where soft coal is burned and there is much coal dust in the air, all trees suffer, and evergreen trees in particular find it very difficult to live?—A. S. G.

A. The Department of Agriculture says soft coal deposits a coating of carbon and coal ash upon the leaves of trees which interferes with natural functioning of the breathing pores of leaves. Smooth-leaved trees, such as evergreens suffer most because of the deposit that lies in close contact with the leaf surface. The hairy or woolly leaf coverings of some other trees prevent the forming of a compact coating over the leaf surfaces. Such trees endure a smoky atmosphere much longer.

Q. Who were the Kaw Indians?—T. B.

A. The Kaw Indians of Kansas Indians were a Siouan Tribe speaking a dialect of the Osage language. They formerly lived in several villages on the lower Kansas River and were estimated about a century ago to number 1300. In 1845 they were removed to a reservation west of the Osage in the present Oklahoma. At present the tribe is nearly extinct.

Buckeye Motor Co.'s Fall Display of Hudson, Essex Cars

Overwhelmed by the rush of public interest, the Buckeye Motor Co. announced Thursday that the Special Fall Exhibition and "Demonstration Week" of Hudson and Essex closed cars will be continued another week. Mr. Birch declared that with 100,000 cars sold nationally in the first eight months of 1924, Hudson and Essex had gone ahead of every other six cylinder make. Today and tomorrow the Special Exhibition and Demonstration

Week has brought Hudson and Essex a volume of business which apparently will make September the largest month of 1924, and hence a record-breaker for all time. "This is the logical season for an automobile show," said Mr. Birch. "Every important manufacturer has now displayed to the public his latest and presumably his best effort to meet the public's likes. The purchaser of an automobile never before had so wide a choice of new cars. "With this situation prevailing we determined to put on an automobile show of our own, showing Hudson and Essex cars as they are today. We have arranged a complete double

showing—that is, there are two Essex Coaches, two Hudson Coaches and two Hudson Sedans of each type. Thus even when the salesroom is crowded we are better able to show an intending purchaser all the details of our cars. "Autumn is of course outstandingly the season of enclosed cars. That brings us to the connection of Hudson and Essex and closed models. There are today two types of large selling closed cars—coaches and sedans. Hudson invented and developed them both. Hudson has always felt an especial interest in enclosed models. It built and named the first sedan in the world back in 1913.

"In 1921, as the world knows, Hudson and Essex recognized the public's demand for an enclosed car at an open car price, and brought out the Coach. Hudson and Essex is now the largest builder of six cylinder closed cars in the world and has had three years' experience in perfecting them. These closed cars are shown at our exhibit. The truly striking performance ability of the Essex and Hudson we are demonstrating these days to scores of motorists."

The auction block scene is described as one of the most vivid in the picture.

THIEVES KIDNAP TAXI AND LOAD TO GET \$200,000 GEMS

Louis Harlib (above), New York jewelry salesman, was riding in a taxicab in Chicago with Bee Fink (below) when thieves kidnaped the taxi and its passengers, and then made off with \$200,000 in gems, he told police.

A large proportion of the Arab population of the community participated in it.

The incident takes place when Barbara, the heroine of the story, a captive of the band led by the young Sheikh Cassim, Jr., is put up for sale in accordance with his threat to his father his avowed enemy.

But the young sheik loves her and secretly buys her. There is an extraordinary denouement when the young sheik learns that he is in reality Raoul le Breton, a white man, and the plot takes a happier turn.

Bert Lytell plays the leading male role as the young sheik.

WASHINGTON READY FOR LAST STAND ON HOME LOT

Must Win Two Remaining Contests From New York Before Claiming Bunting

Playing Today Before Sympathetic Crowd of Fans in Sixth Game of You-Win-I-Win Series; Art Nehf Poised for Second Crack at Nats; This Time However, he Will Face Zachary.

By Davis J. Walsh.

WASHINGTON, Oct. 9.—Last stands have a way of thrusting themselves into the history of the world.

There was, for instance, the last stand of the party just before getting his face on the bar-room floor. He rallied desperately before he forsook the perpendicular. Then, also, there was the case of the Greeks who stood firm at Thermopylae and the late Horatius who declined to permit traffic to pass over the well known bridge. Not to mention Joe Gum, who built his at the far end of the Midway at Coney Island.

Today, the Washington Senators prepared to make their last stand before a sympathetic home crowd in the "you-win-I-win" series for the championship of this particular world, and even money in the local marts of trade said they would be successful at least to the extent of carrying the issue to the seventh game.

The senators must win the two remaining contests to fall heir to the title. The Giants need only one victory in two starts.

POTTERY TEAMS START SERIES

No. 5 and No. 6 Laughlin Elevens in Opening Battle.

With the plant championship at stake, football teams representing No. 5 and No. 6 plants of the Homer Laughlin Pottery company, in Newell, will play the inaugural game of an elimination series on Saturday afternoon at 3 o'clock on the Newell grid-iron.

Both plants boast better than ordinary teams and as a result some thrilling action is anticipated by the followers of the rival aggregations. If present arrangements are carried out, it is possible that the No. 4 plant eleven will play the winner of Saturday's game, one contest at least and perhaps a series.

Joe Waters, who last year captained the No. 5 gridder, will again lead the outfit this season. Chappie Finley will direct the No. 6 team. With the pottery employees idle on Saturday afternoon a record turnout is expected.

Whet Appetites for 'Y' League Banquet Tonight.

The fourth annual banquet of the Y. M. C. A. Industrial league will be held Thursday evening in the "Y" dining room. The festivities are scheduled to start at 6:30 o'clock.

W. T. McNutt, former president of the league, will be toastmaster. The Hall China club, winner in the final series with the Laughlin nine of Newell, will be presented with the championship trophies.

An informal program is being arranged for the event. Approximately 100 reservations have been made for league officials, players and guests.

SIDELIGHTS ON SERIES GAMES

WASHINGTON, Oct. 9.—The headless horseman of Washington Irving had nothing on Bentley, Johnson and Rice in the third. Rice took Young's line drive on the run and hurled it in the general direction of the pitcher's box. Bentley made the grave error of starting plateward with the hit and tried to return to third base, resuming the journey home and Johnson failed to back up the plate. In consequence of which, Johnson was in position to relay the throw, when he should have been elsewhere; Bentley was retired at the plate when he should have scored standing up and Rice got credit for an assist when he should have been credited with an error.

The boys are reading proof on that one. It is due for the book.

Holme Der Groh may now take his trick knee to the museum. A young man by the name of Lindstrom will play third base for the Giants until further notice.

That kid is so game that he has the voo-doo man of India looking around for new stuff. He tried to take Rice's foul while sliding on a graceful shoulder blade and almost got away with it.

McNeely and Rice do not team up with any degree of success. Rice made McNeely chase Frisch's fly to right until the youngster's knees buckled. The ball fell safe for a double. Later, McNeely slipped in going after Jackson's fly to right center. Rice was backing up the play—at a distance of 29 yards.

All of which indicates that Miller was not the only goat. However, that young man will do nicely until another goat turns up.

The fickle New York fans did a right-about face and for once supported the Giants. They don't want the world's title to get away from New York when it comes to a real showdown. In fact, they don't want anything to get away from New York, barring black cholera.

Johnson and Altrock collaborated in a piece of misfit baseball in the third. Walter opened the inning by hitting one against the left field wall and Nick shoofed him on toward second. He didn't have the chance of a deaf mute in a boiler works and was nipped ten yards trying to get back to first.

Oh, my, yes. The Senators played with rare intelligence. You might say the same for the gent who shot the roll on two pair in a deuces wild game.

Lindstrom waxed exceedingly wrathful when Sir Thomas Connolly waved him away when he tried to collaborate with Frisch in a double steal. Sir Thomas is very majestic.

When the young man's mouth took on the aspect of an agitated fish, Sir Thomas merely waved him away again. The second wave won the argument.

Incidentally Lindstrom seems to know how to open a ball game. He leaped high into the air to spear McNeely's liner for the first play of the game, and in the Giants' half of the inning, singled to center on the first ball pitched.

GREYS ELEVEN SIGNS TACKLE

A. Stein, of Midland, to Play Remainder of Season.

Officials of the East Liverpool Greys, the city's independent grid team, Thursday announced the signing of A. Stein, of Midland, as a tackle for the remainder of the season.

The Greys have been after Stein's services for several weeks and Wednesday they landed him. Stein has played for several seasons with the Ceramic City outfit and his 185 pounds will fill up a big hole in the forward line this year.

Practice session will be held Thursday night at 6 o'clock at city park. All candidates are asked to be there.

HEIDELBERG TO REST THIS WEEK

TIFFIN, O., Oct. 9.—An open date next Saturday will allow Coach H. E. Sawyer two weeks in which to prepare his Heidelberg football squad for the next tilt with Muskingum at New Concord on October 18. The showing made against Mount Union last Saturday contained a few grains of comfort for the tri-color mentor, and it is hoped that a corresponding improvement will take place before the next contest.

Capt. DeWitt, Sawyer's fleet half, played a short time in the Mount Union game, but was soon forced to retire because of a fractured hand which had been bothering him all season. Oldfather, who is playing a stellar game at end, is also out of the game with injuries to his head and back sustained in the last game.

To offset these injuries Coach Sawyer will have the services of Cliff Forrester, who made a name for himself in conference circles last year as a plugging fullback. Forrester will add the necessary punch to a rather weak offensive, and it is hoped by university athletic officials that he will be in shape for the game with Muskingum in two weeks.

Wooster Gridiron Mentor is City's Champion Golfer

WOOSTER, O., Oct. 9.—Coach L. C. Boles, mentor of the Wooster college athletic teams, today had one championship safely tucked away for this fall. For the fourth time in the last six years, Boles is the undisputed golf champion of Wooster. By winning from Rice 6 up and 5 to go, Boles turned in his second straight championship.

Golf became a habit with Boles in 1917. In two years he won his first championship. The same year Boles was also turning out an Ohio conference championship in football. Last fall he won the golf championship of the city and then the Ohio conference hunting.

Again this year he seems up to his old tricks and has started his drive for the flag by winning his struggle for the golf championship of the city.

DEATH SUMMONS JAKE DAUBERT

Noted Baseball Leader, Reds' Captain, Dies in Cincinnati.

CINCINNATI, Oct. 9.—Weakened by a double operation, Jake Daubert, captain and veteran first baseman of the Cincinnati Reds, died early today.

MARION, O., Oct. 9.—A heavy pall hung over Marion funeral today. Jake Daubert, captain and veteran first baseman for the Cincinnati Reds, who died early today, really started his major league career out of Marion. He was first baseman for the Marion club in the old Ohio State-Pennsylvania league and was sold by the Marion club to Cleveland, which farmed him out to Toledo. From Toledo Daubert went to the Southern league.

Jake Daubert was known to every man, woman and child in Marion during the season that he played here as "one of the nicest men that ever swung a baseball bat." He probably was the most popular player ever turned out of Marion.

Clear Weather Continues
WASHINGTON, Oct. 9.—Clear, cool weather was on tap for the sixth game of the world's series here today. The sun was out bright and early.

SPEARS SHIFTS BALL CARRIERS

New Backfield Formation for Pitt Game Saturday.

MORGANTOWN, W. Va., Oct. 9.—Gus Ekberg, "Skeet" Farley, Ed. Morrison and Julian Murrin—West Virginia backs—are still holding on to their regular berths but when the Mountaineers lineup against Pitt at Forbes Field this Saturday afternoon not one of them will be at the post he filled in the first two games. It will be the same cast in different roles.

Dr. Spears decided after the Allegheny contest that some changes would have to be made in the backfield before the Pitt struggle. Monday when the men reorted for practice the four-cornered shift was made and in the three workouts held so far Dr. Spears has attempted to perfect the new arrangement.

Mountaineer fans do not look for the new combination to do so well at the start of Saturday's game. It may take the men some minutes to become oriented, but once the refitted cogs start functioning the Panther eleven will be troubled.

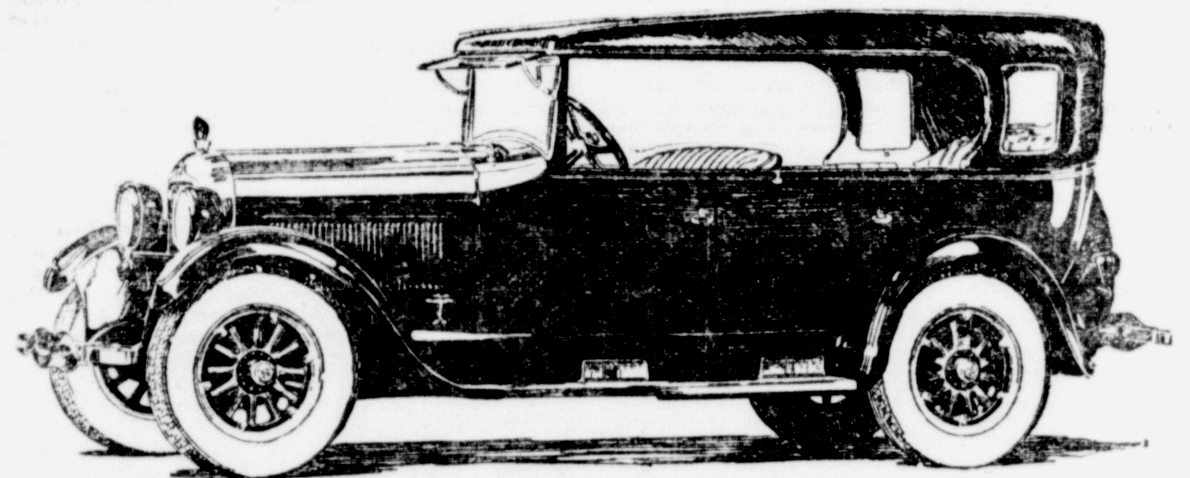

Those in authority have told the curious that the exact positions being played by the four regular backs will not be announced until the probable lineup is made public.

While Dr. Spears and his assistants are getting the variety in shape for the Pitt encounter the freshman squad is preparing for its Saturday assignment—the Washington and Jefferson College plebes. The young Presidents come here Saturday afternoon to meet the Mountaineer yearlings in the new Stadium.

WITTENBERG MAY POSTPONE GAME

SPRINGFIELD, O., Oct. 9.—The football game between Wittenberg and Denison, scheduled for Saturday, will probably be postponed, college authorities said today, out of respect to the memory of Dr. Albert H. Studebaker, 72, retired Lutheran Minister, who died last night, of cerebral hemorrhage, with which he was stricken Tuesday night while attending a meeting of the Athletic Board for the past seven years Dr. Studebaker has been prominent in an unofficial capacity at Wittenberg.

Oil production of Russia was next to that of the United States before the World War, but is now below that of Mexico.

Duplex—exclusively Studebaker —a new kind of car!

A closed and open car combined—the advantages of both at an open car price!

Value Points New Big Six

The New Duplex-Phaeton Body—it solves the closed-open car problem.

Genuine Balloon Tires.

New Satin-Lacquered Finish.

Spanish chrome tanned leather upholstery.

New ideas in ease of operation and control.

Vibrationless Engine; forced-oiling system with new idea in oil supply. Full 75 h.p. block test.

Four-wheel Hydraulic Brakes optional—totally unlike any other system on American cars.

THE new Studebaker Duplex models give the comfort and protection of a closed car—with all the advantages of an open car, plus the good looks, riding comfort, interior finish and fittings that no open car could ever give!

Yet the price is no higher than that of an open car.

The appeal of its simplicity, convenience and durability is instant and decisive—with a touch of the hand you draw down the four roller enclosures and in thirty seconds your airy open car is a snug, comfortable enclosed car. With equal ease the enclosing sides can be rolled up into the roof and you have an open car again.

The Duplex body is especially built for the roller side enclosures, the roof is framed and shaped in steel, permanently beautiful and steel-strong to support the rollers, and the upper part of the Duplex is integral with the lower part. It is a unit body which harmonizes perfectly in beauty and function.

There is no other body like it on any other car at any price—because it is exclusively a Studebaker creation, made only by Studebaker. You can buy the Duplex from no other maker.

The new Duplex is available for each of the three new Studebaker chassis—the new STANDARD SIX, the SPECIAL SIX and the BIG SIX.

And these three new chassis are the evolution of the famous chassis of the five preceding years. Each year they have been improved and refined.

But this year the new models are climaxed with every tested and proved betterment that experience and science have thus far developed.

They are paramount exemplars of modern automobile design.

Simply stated, this means that money cannot buy more modernly perfect automobiles than the new Studebakers—we have the Duplex models ready for your inspection. Come in today!

Wooster Gridiron Mentor is City's Champion Golfer

WOOSTER, O., Oct. 9.—Coach L. C. Boles, mentor of the Wooster college athletic teams, today had one championship safely tucked away for this fall. For the fourth time in the last six years, Boles is the undisputed golf champion of Wooster. By winning from Rice 6 up and 5 to go, Boles turned in his second straight championship.

Golf became a habit with Boles in 1917. In two years he won his first championship. The same year Boles was also turning out an Ohio conference championship in football. It fell he won the golf championship of the city and then the Ohio conference hunting.

Again this year he turns up to his old tricks and has started his drive for the flag by winning his struggle for the golf championship of the city.

DEATH SUMMONS JAKE DAUBERT

Noted Baseball Leader, Reds' Captain, Dies in Cincinnati.

CINCINNATI, Oct. 9.—Weakened by a double operation, Jake Daubert, captain and veteran first baseman of the Cincinnati Reds, died early today.

MARION, O., Oct. 9.—A heavy pall hung over Marion fandom today. Jake Daubert, captain and veteran first baseman for the Cincinnati Reds, who died early today, really started his major league career out for Marion. He was first baseman for the Marion club in the old Ohio State—Pennsylvania league and was sold by the Marion club to Cleveland, which farmed him out to Toledo. From Toledo Daubert went to the Southern league.

Jake Daubert was known to every man, woman and child in Marion during the season that he played here as "one of the nicest men that ever swung a baseball bat." He probably was the most popular player ever turned out of Marion.

Clear Weather Continues.
WASHINGTON, Oct. 9.—Clear, cool weather was on tap for the sixth game of the world's series here today. The sun was out bright and early.

SPEARS SHIFTS BALL CARRIERS

New Backfield Formation for Pitt Game Saturday.

MORGANTOWN, W. Va., Oct. 9.—Gus Ekberg, "Skeet" Farley, Ed. Morrison and Julian Murrin—West Virginia backs—are still holding on to their regular berths but when the Mountaineers lineup against Pitt at Forbes Field this Saturday afternoon, not one of them will be at the post. He filled in the first two games. It will be the same cast in different roles.

Dr. Spears decided after the Allegheny contest that some changes would have to be made in the backfield before the Pitt struggle. Monday when the men recropped for practice the four-cornered shift was made and in the three workouts held so far Dr. Spears has attempted to perfect the new arrangement.

Mountaineer fans do not look for the new combination to do so well at the start of Saturday's game. It may take the men some minutes to become oriented, but once the petted cogs start functioning the Panther eleven will be troubled.

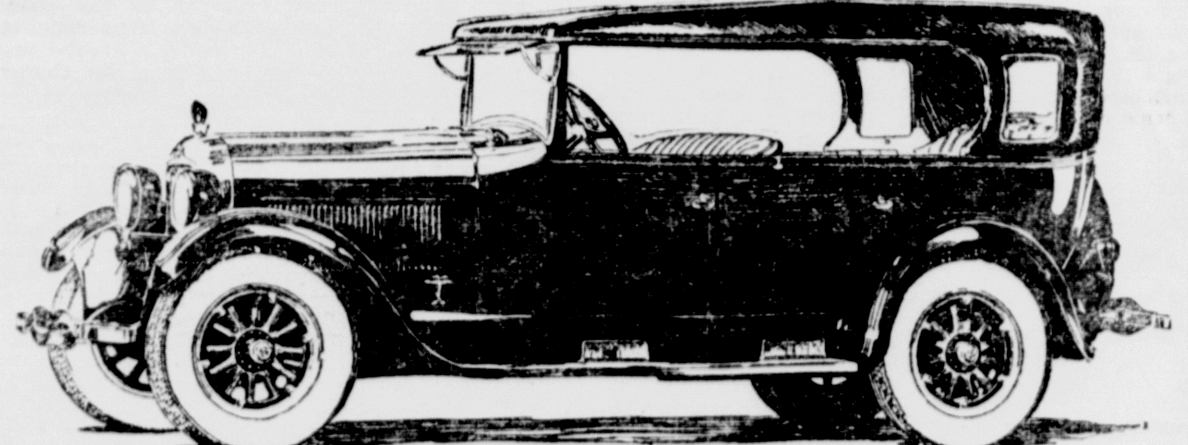

Those in authority have told the curious that the exact positions being played by the four regular backs will not be announced until the probable lineup is made public.

While Dr. Spears and his assistants are getting the varsity in shape for the Pitt encounter the freshman squad is preparing for its Saturday assignment—the Washington and Jefferson College plebes. The young Presidents come here Saturday afternoon to meet the Mountaineer yearlings in the new stadium.

WITTENBERG MAY POSTPONE GAME

SPRINGFIELD, O., Oct. 9.—The football game between Wittenberg and Denison, scheduled for Saturday, will probably be postponed, college authorities said today, out of respect to the memory of Dr. Albert H. Studebaker, 72, retired Lutheran Minister, who died last night, of cerebral hemorrhage, with which he was stricken Tuesday night while attending a meeting of the Athletic Board. For the past seven years Dr. Studebaker has been prominent in an unofficial capacity at Wittenberg.

Oil production of Russia was next to that of the United States before the World War, but is now below that of Mexico.

Duplex—exclusively Studebaker —a new kind of car!

A closed and open car combined—the advantages of both at an open car price!

Value Points New Big Six

The New Duplex-Phaeton Body—it solves the closed-open car problem.

Genuine Balloon Tires.

New Satin-Lacquer Finish.

Spanish chrome tanned leather upholstery.

New ideas in ease of operation and control.

Vibrationless Engine; forced-oiling system with new idea in oil supply. Full 75 h.p. block test.

Four-wheel Hydraulic Brakes optional—totally unlike any other system on American cars.

THE new Studebaker Duplex models give the comfort and protection of a closed car—with all the advantages of an open car, plus the good looks, riding comfort, interior finish and fittings that no open car could ever give!

Yet the price is no higher than that of an open car.

The appeal of its simplicity, convenience and durability is instant and decisive—with a touch of the hand you draw down the four roller enclosures and in thirty seconds your airy open car is a snug, comfortable enclosed car. With equal ease the enclosing sides can be rolled up into the roof and you have an open car again.

The Duplex body is especially built for the roller side enclosures, the roof is framed and shaped in steel—permanently beautiful and strong to support the rollers, and the upper part of the Duplex is integral with the lower part. It is a unit body which harmonizes perfectly in beauty and function.

There is no other body like it on any other car at any price—because it is exclusively a Studebaker creation, made only by Studebaker. You can buy the Duplex from no other maker.

The new Duplex is available for each of the three new Studebaker chassis—the new STANDARD SIX, the SPECIAL SIX and the BIG SIX.

And these three new chassis are the evolution of the famous chassis of the five preceding years. Each year they have been improved and refined.

But this year the new models are climaxed with every tested and proved betterment that experience and science have thus far developed.

They are paramount exemplars of modern automobile design. Simply stated, this means that money cannot buy more modernly perfect automobiles than the new Studebakers—we have the Duplex models ready for your inspection. Come in today!

ONLY UNBOBBED WIN BEAUTY'S CROWN

Ruth Malcolmson

Margaret Leigh

Catherine M. Campbell

Faye Lamphier

Is bobbed hair doomed?

Beauty specialists, theatrical managers and style authorities in New York agree that the post-war epidemic of short tresses has reached its peak, and women who seek to dress "differently" are turning to "transformations," the Parisienne bandeau and other means of disguising their snipped locks, according to late reports from the east.

Newspaper women, in attendance at the Long Island social activities in honor of the Prince of Wales, were impressed with the spreading habit of letting the hair grow long again. Society women, they found, are pensioning the barber's shears, because "every shop girl now has a boyish shingle, my dear."

Bobbed Hair Too Expensive.
"I cut my hair three years ago," said a young business woman in a downtown office yesterday. "I thought I'd save a dreadful lot of time. But, gracious, my 'King Tut' cut means odious of bother and hair-dressing expenses—far more than my old coiffure cost."

"—And bobbing does destroy a girl's personality," chimed in her companion. "You look like every other girl, at dances, the theatre, parties. We all look like orphan asylum inmates. No individuality. Yes, I'm letting mine grow again."

Anyways—
You may be as beautiful as Helen of Troy or as shapely as Venus—but you'll probably never win a national bathing beauty contest if you have bobbed hair!

To judge from the recent happenings at Atlantic City, where the fairest of the fair from more than ninety American cities assembled to compete for the honor of being named "Miss America," the girls with the shingle or boyish bob didn't have a chance.

True! There were a number of girls at the contest whose locks were attractively clipped—but they disappeared in the first elimination and were never heard of again.

Beauties Are Curly Adorned.
On the other hand, Miss Ruth Malcolmson, whose dark, luxuriant curls fell far over her shapely shoulders, chosen Beach Queen of America. She comes from Philadelphia. Her curls have never been scissored, she said. And now she has a secretary—working ten hours a day, "tis said, answering offers of contracts from movie producers, toothbrush concerns and hair tonic manufacturers."

And there was Miss Catherine M. Campbell of Columbus, O., who won the Atlantic City beauty crown for the last two years. She was "runnerup" this year. And she's never heard the barber's cruel-clippers.

Another fascinating beauty, whose long, flowing tresses attracted the judges to such a degree that she was awarded numerous cups and a place in the select few called for final consideration was Miss Faye Lamphier, pride of Santa Cruz, Calif. Her long hair frames a charming, intellectual countenance.

Bobs Destroy Personality.
The same applies to Miss Margaret Leigh, "Miss Chicago," who finished among the final five. Her dark curls stream gracefully down her shoulders.

And when you asked one of the Atlantic City beauty judges "Why?" he replied—
That beauty of face and figure and personality are the main requisites of the judges, but girls with bobs lack that essential individuality which was needed to make them stand out from the crowd, and the girls with long locks immediately drew the admiring glances.

Bobbed hair is not passé by any means! Some girls will cut their hair for years to come. And some married women. But the trend of fashion is toward long hair again—

GLACIER TEARS UP SOIL FROM MOUNT SHASTA

Torrents May Make Secondary Peak of California Range

EXTINCT VOLCANO

Scientists Discuss Possibility of New Geological Period.

SAN FRANCISCO — Is California on the eve of a new geological period?

Scientists discussed this possibility with interest following the spectacular erosion of historic Mount Shasta by a "wild" glacier, which during the past six weeks has torn up thousands of tons of soil from the peak.

Hundreds of thousands of years ago, according to geologists, the mighty mountain ranges of the Pacific coast were formed by the shrinking of the crust of the earth.

Later came a glacial age, when gigantic masses of ice poured down from the mountain gorges as a result of an unusual period of winter, which piled up snow and ice in such quantities that finally they succumbed to the force of gravity.

Today Mount Shasta has turned loose another glacier. Only this time it is pouring down the slopes as a result of one of the driest and hottest summer seasons in many years.

As the glacier reaches the lower levels of the slopes, it is transformed into a giant river of mud, carrying everything before it.

McCloud, a little settlement perched on one of the lower slopes of the mountain, has been intermittently swept by masses of mud, which today are piled up over thousands of acres.

May Wash Down.
Scientists declare that Mount Shasta is in danger of losing its position as one of the highest peaks in the United States.

with the aid of "transformations" and the alluring bandeau and hair net, until nature reasserts itself.

"Every girl," concluded a New York beauty specialist, "should study her personality in the mirror. If she can make herself distinctive, strikingly attractive and vibrant with personality—by means of long hair—she is foolish to submit to the scissors every two weeks."

If you don't think hair styles are changing, just notice the smart women in the shopping district one of these autumn afternoons! Long tresses are coming back, sure.

Should the glacial flow continue, they claim, it will be only a question of time before a good part of the 14,330 feet that make up its altitude will have been washed down into the lower valleys.

Mount Shasta is unlike other glacier-harboring peaks in that it is of soft geological formation.

Other mountains pour down uncounted millions of tons of snow and ice each year, but, because of the hardness of their rock, lose only an imperceptible amount of their body.

Shasta being soft in comparison with those other peaks, has already lost enough of its top soil to make its changed topography noticeable to experienced observers.

May Bare Gold.
Scientists claim that it is only a question of time before the mighty summit will succumb to the steady action of the elements and become a secondary mountain peak.

Pioneer settlers of the region around Mount Shasta were interested recently in the glacial flow for another reason—gold.

Mount Shasta is known to be in California's historic gold belt, from which in years gone by millions of dollars' worth of the precious metal was extracted by placer miners.

The rushing glacier is today tearing up 20 and 30 feet of surface soil at various points, revealing the ancient beds of mountain streams long since buried.

Because mountain torrents are regarded as the most promising sources of the raw gold, which is torn out of the ground by the swiftly moving waters and deposited on the creek bottoms over which in time deposits of sediment are placed, prospectors are examining the path of the glacier these days with a great deal of interest.

Veterans Passing.
NELSONVILLE.—Only four members of a famous fighting Civil war regiment—the 63rd Ohio—were able to attend the annual reunion, recently held at Chaucery. It was first decided to hold no more reunions, but there was so much enthusiasm that the veterans will meet next year at Gloucesterville.

Work Halted.
LOGAN.—Work on the new Hocking county court house, which has been in progress for months, has been almost halted because of the non-arrival of marble for the lobbies and several offices. Workmen said the structure can be completed within three weeks after the needed material arrives.

Scientists Discuss Possibility of New Geological Period.

SAN FRANCISCO — Is California on the eve of a new geological period?

Scientists discuss this possibility with interest following the spectacular erosion of historic Mount Shasta by a "wild" glacier, which during the past six weeks has torn up thousands of tons of soil from the peak. Hundreds of thousands of years ago, according to geologists, the mighty mountain ranges of the Pacific coast were formed by the shrinking of the crust of the earth.

Later came a glacial age, when gigantic masses of ice poured down from the mountain gorges as a result of an unusual period of winter, which piled up snow and ice in such quantities that finally they succumbed to the force of gravity.

Today Mount Shasta has turned loose another glacier. Only this time it is pouring down the slopes as a result of one of the driest and hottest summer seasons in many years.

As the glacier reaches the lower levels of the slopes, it is transformed into a giant river of mud, carrying everything before it.

McCloud, a little settlement perched on one of the lower slopes of the mountain, has been intermittently swept by masses of mud, which today are piled up over thousands of acres.

May Wash Down. Scientists declare that Mount Shasta is in danger of losing its position as one of the highest peaks in the United States.

with the aid of "transformations," and the alluring bandeau and hair net, until nature reasserts itself. "Every girl," concluded a New York beauty specialist, "should study her personality in the mirror. If she can make herself distinctive, strikingly attractive and vibrant with personality—by means of long hair—she is foolish to submit to the scissors every two weeks."

If you don't think hair styles are changing, just notice the smart women in the shopping district one of these autumn afternoons! Long tresses are coming back, sure.

Should the glacial flow continue, they claim, it will be only a question of time before a good part of the 14,380 feet that make up its altitude will have been washed down into the lower valleys.

Mount Shasta is unlike other glaciers harboring penks in that it is of soft geological formation. Other mountains pour down uncounted millions of tons of snow and ice each year, but, because of the hardness of their rock, lose only an imperceptible amount of their body.

Shasta, being soft in comparison with those other peaks, has already lost enough of its top soil to make its changed topography noticeable to experienced observers.

May Bare Gold. Scientists claim that it is only a question of time before the mighty summit will succumb to the steady action of the elements and become a secondary mountain peak.

Pioneer settlers of the region around Mount Shasta were interested recently in the glacial flow for another reason—gold.

Mount Shasta is known to be in California's historic gold belt, from which in years gone by millions of dollars' worth of the precious metal was extracted by placer miners. The rushing glacier is today tearing up 20 and 30 feet of surface soil at various points, revealing the ancient beds of mountain streams long since buried.

Because mountain torrents are regarded as the most promising sources of the raw gold, which is torn out of the ground by the swiftly moving waters and deposited on the creek bottoms over which in time deposits of sediment are placed, prospectors are examining the path of the glacier these days with a great deal of interest.

Veterans Passing. NELSONVILLE.—Only four members of a famous fighting Civil war regiment—the 63rd Ohio—were able to attend the annual reunion, recently held at Chautauque. It was first decided to hold no more reunions, but there was so much enthusiasm that the veterans will meet next year at Gloucesterville.

Work Halted. LOGAN.—Work on the new Hocking county court house, which has been in progress for months, has been almost halted because of the non-arrival of marble for the lobby and several offices. Workmen said the structure can be completed within three weeks after the needed material arrives.

Sugar Smugglers On Irish Border Making Big Profits

Use "Unscheduled" Roads and Gain \$3 Hundred Pounds on Contraband.

DUBLIN.—The Free State Government is losing thousands of dollars monthly in revenue through the activities of a band of sugar smugglers operating on the Ulster-Free State border.

Scores of young Irishmen with a lust for adventure are engaged in the illegal traffic, it is alleged, transporting sugar from Ulster—where the cost is approximately three dollars per hundredweight cheaper than in the Free State—across the border and avoiding the payment of the heavy Free State tax. The smugglers are able to sell their sugar to Free State dealers at a handsome profit, while the dealers are still able to undersell their competitors who are forced to pay the Free State duty.

The Customs department has been bombarded with complaints from respectable dealers throughout County Monaghan, on the border, where almost the entire population is able to buy tax-free sugar.

The smugglers usually proceed in the same way. A merchant in a town across the border books the orders. A store, shop or house, just inside the Northern frontier, is secured to be used as a clearing house.

The sugar is deposited here, and from time to time the smugglers cross the border, driving motor trucks, load up and sneak back into the Free State by little used roads, thus avoiding Customs authorities. Arriving at his destination, the smuggler dumps his load of contraband into another clearing house, from which it is distributed to Free State dealers.

There is no interference by the Northern officials. The driver selects the "unscheduled roads," which means he takes the risk of having his motor truck confiscated. Only the "scheduled roads," on which Customs de-

pots have been established, are officially open to automobile traffic. But there has been no confiscation up to the present, and the smugglers' trade goes merrily on.

Thomas Meighan At Best in Screen Play at Ceramic

If ever a novel deserved screen immortality, if ever a story was written that was worthy of all the time and energy and effort that was spent in transferring it to the silver sheet, that book and that story was "The Alaskan," James Oliver Curwood's epic tale of the far north, which Herbert Brenon produced for Paramount, as a starring vehicle for Thomas Meighan, after an adaptation by Willis Goldbeck. The picture opened a five-day run Tuesday night at the Ceramic theatre.

With such a combination of writing acting and directorial genius it is little wonder that "The Alaskan" is being hailed as one of the motion picture masterpieces of the year. It has all the vital, compelling, red-blooded drama that we have come to expect in all of Curwood's writings. It has all of the consummate acting for which Meighan is noted; and it has all of the fine finish and dash which only such an experienced producer as Brenon could give it.

"The Alaskan," deals with those sturdy pioneers and hardy adventurers who blazed a trail to the far north in their historic gold rush of '88, and with the sons of these brave men—the second generation—who waged a grim battle against the unscrupulous forces who threatened to exploit the country for their own selfish aggrandizement.

Playing the title role, Thomas Meighan has a part which suits him to the proverbial "T." It is a strong, virile role and one in which the vast army of his admirers will be delighted to see him. A cast of truly all-star calibre, featuring Estelle Taylor, John Sampson, Charles Ogle, Frank Campan and Anna May Wong, supports Mr. Meighan.

Filmed in British Columbia and Alberta, the picture records some of the world's most wonderful scenery. Imagine sets forty miles in length and eleven thousand feet high—but you don't have to imagine them! You can see them in this magnificent Ceramic photoplay if you'll visit the Ceramic Theatre during the next three days.

MARRIED TWELVE YEARS BEFORE BABY CAME

Gladly Recommends Lydia E. Pinkham's Vegetable Compound

Louisville, Nebraska.—"I was married twelve years before my boy was born. I had a lot of female troubles and had been treated by a physician for them but they continued much the same. Then I read your advertisement in the newspapers and thought I would give Lydia E. Pinkham's Vegetable Compound a good trial, for if it had helped others, why not me? I have taken 36 bottles of the medicine and am never without it in the house. My baby boy is three years old now and I sure am happy since I got relief from my troubles. When any one has troubles like mine, or any ways like mine, I am always glad to recommend the Vegetable Compound so that they will get the right kind of medicine."—Mrs. JOE NOVAK, Box 662, Louisville, Neb.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation, Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no hot time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Polier, Carpenter, 762-1, Maxwell Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation. adv.

Sugar Smugglers On Irish Border Making Big Profits

Use "Unscheduled" Roads and Gain \$3 Hundred Pounds on Contraband.

DUBLIN.—The Free State Government is losing thousands of dollars monthly in revenue through the activities of a band of sugar smugglers operating on the Ulster-Free State border.

Scores of young Irishmen with a lust for adventure are engaged in the illegal traffic, it is alleged, transporting sugar from Ulster where the cost is approximately three dollars per hundredweight cheaper than in the Free State—across the border and avoiding the payment of the heavy Free State tax. The smugglers are able to sell their sugar to Free State dealers at a handsome profit, while the dealers are still able to undersell their competitors who are forced to pay the Free State duty.

The Customs department has been bombarded with complaints from respectable dealers throughout County Monaghan, on the border, where almost the entire population is able to buy tax-free sugar.

The smugglers usually proceed in the same way. A merchant in a town across the border books the orders. A store, shop or house, just inside the Northern frontier, is secured to be used as a clearing house.

The sugar is deposited here, and from time to time the smugglers cross the border, driving motor trucks, load up and sneak back into the Free State by little used roads, thus avoiding Customs authorities. Arriving at his destination, the smuggler dumps his load of contraband into another clearing house, from which it is distributed to Free State dealers.

There is no interference by the Northern officials. The driver selects the "unscheduled roads," which means he takes the risk of having his motor truck confiscated. Only the "scheduled roads," on which Customs de-

Thomas Meighan
At Best in Screen
Play at Ceramic

If ever a novel deserved screen immortality, it ever a story was written that was worthy of all the time and energy and effort that was spent in transferring it to the silver sheet, that book and that story was "The Alaskan," James Oliver Curwood's epic tale of the far north, which Herbert Brenon produced for Paramount, as a starring vehicle for Thomas Meighan, after an adaptation by Willis Goldbeck. The picture opened a five-day run Tuesday night at the Ceramic theatre.

With such a combination of writing and directorial genius it is little wonder that "The Alaskan" is being hailed as one of the motion picture masterpieces of the year. It has all the vital, compelling, red-blooded drama that we have come to expect in all of Curwood's writings. It has all of the consummate acting for which Meighan is noted; and it has all of the fine finish and dash which only such an experienced producer as Brenon could give it.

"The Alaskan," deals with those sturdy pioneers and hardy adventurers who blazed a trail to the far north in their historic gold-rush of '88, and with the sons of these brave men—the second generation—who waged a grim battle against the unscrupulous forces who threatened to exploit the country for their own selfish aggrandizement.

Playing the title role, Thomas Meighan has a part which suits him to the proverbial "T." It is a strong, virile role and one in which the vast army of his admirers will be delighted to see him. A cast of truly all-star calibre, featuring Estelle Taylor, John Sainpolis, Charles Ogle, Frank Campanau and Anna May Wong, supports Mr. Meighan.

Filed in British Columbia and Alberta, the picture records some of the world's most wonderful scenery. Imagine sets forty miles in length and eleven thousand feet high—but you don't have to imagine them! You can see them in this magnificent Ceramic photoplay if you'll visit the Ceramic Theatre during the next three days.

MARRIED TWELVE YEARS BEFORE BABY CAME

Gladly Recommends Lydia E.
Pinkham's Vegetable
Compound

Louisville, Nebraska.—"I was married twelve years before my boy was born. I had a lot of female troubles and had been treated by a physician for them but they continued much the same. Then I read your advertisement in the newspapers and thought I would give Lydia E. Pinkham's Vegetable Compound a good trial. For if it had helped others, why not me? I have taken 36 bottles of the medicine and am never without it in the house. My baby boy is three years old now and I sure am happy since I got relief from my troubles. When any one has troubles like mine, or any ways like mine, I am always glad to recommend the Vegetable Compound so that they will get the right kind of medicine."—Mrs. JOE NOVAK, Box 662, Louisville, Neb.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.
